Concise Human Physiology 2nd Edition:

Concise Human Physiology M. Y. Sukkar, M. S. M. Ardawi, H. A. El Munshid, 2000-12-19 Concise Human Physiology is written for medical students and presents the main facts in a concise straightforward style The first edition received an encouraging reception from students especially those for whom English is a foreign language The presentation of major subjects in manageable chapter lengths makes the book most attractive to students who find some books rather lengthy due to detail and the inclusion of information not required by the medical curriculum This second edition is more focused and has made use of valuable feedback from students and teachers who have been using the book over the last few years All the chapters have been thoroughly revised and new illustrations and summary diagrams have been added *Current Catalog National Library of Medicine (U.S.), 1993* First multi year cumulation covers six years 1965-70 *Concise Textbook of Human Physiology* Indu Khurana, 2018-04-23 Thoroughly revised and updated second edition retains its well accepted unique style of organization of the text in three parts and twelve sections Presentation of the text with various levels of headings subheadings boldface and italics has been maintained to help the students easily understand retain and reproduce Text has been updated incorporating the recent advances in each section including more aspects of molecular physiology Applied physiology has been updated with recent concepts on pathophysiology and recent advances in the basic investigations and therapeutic principles To further upgrade the book many new figures tables and flowcharts have been added Online Content FAQs with reference for the answers in the book *McMinn's Color Atlas of Lower Limb Anatomy E-Book* Bari M. Logan, David Bowden, Ralph T. Hutchings, 2017-06-23 Understand foot ankle and lower limb anatomy visually and clinically McMinn's Color Atlas of Lower Limb Anatomy is the ideal study aid or trusted visual reference for the range of students and practitioners who require a detailed understanding of the anatomy of the foot ankle and lower limb It provides you with the perfect grasp of all the important lower limb structures that are likely to be encountered in practice or in the anatomy lab Superb images of dissections osteology radiographic and surface anatomy offer an unmatched view of muscles nerves skeletal structures blood vessels and more Figures are accompanied by concise notes and commentaries as well as orientational artworks to help you locate the structure accurately on the body This updated fifth edition offers increased clinical relevance and features an entirely new chapter on Imaging of the Lower Limb reflecting the very latest modalities and techniques It also comes with the complete enhanced eBook for the first time All new state of the art clinical imaging chapter provides new insights and reflects anatomy as seen in modern practice Easily correlates essential anatomy with clinical practice through over 200 high quality photographs combined with explanatory illustrations for more complex areas and concise accompanying notes throughout Bonus information in Appendices including practical guidance to administering nerve blocks accurately and effectively in the regional anaesthesia section Expert Consult™ eBook version included with purchase this enhanced eBook experience allows you to search all of the text figures and references from the book on a

variety of devices Mostly life size dissections and osteology corresponds to what students practitioners will see in the dissection lab or in real life Includes radiography and surface anatomy pictures helps maximise clinical relevance and necessary for modern courses Orientational and explanatory artworks helps the reader to position on the body Short accompanying text expands on the illustrations and serves as study tool Numbered labels helps facilitate self testing Appendix containing key information on Skin Muscles Arteries and Nerves All new and expanded Imaging chapter to reflect what is seen in current teaching and practice Revised section on regional anaesthesia of the lower limb to improve layout and reflect practice updates Print electronic package for the first time incorporating new and enhanced eBook version via Expert Consult
