The Plain In Flames:

The Plain in Flames Juan Rulfo, 2012-09-01 Juan Rulfo is one of the most important writers of twentieth century Mexico though he wrote only two books the novel Pedro P ramo 1955 and the short story collection El llano en llamas 1953 First translated into English in 1967 as The Burning Plain these starkly realistic stories create a psychologically acute portrait of poverty and dignity in the countryside at a time when Mexico was undergoing rapid industrialization following the upheavals of the Revolution According to Ilan Stavans the stories depth seems almost inexhaustible with a few strokes Rulfo creates a complex human landscape defined by desolation These stories are lessons in morality They are also astonishing examples of artistic distillation To introduce a new generation of readers to Rulfo s unsurpassable literary talents this new translation repositions the collection as a classic of world literature Working from the definitive Spanish edition of El llano en llamas established by the Fundaci n Juan Rulfo Ilan Stavans and co translator Harold Augenbram present fresh translations of the original fifteen stories as well as two more stories that have not appeared in English before The Legacy of Matilde Arc ngel and The Day of the Collapse The translators have artfully preserved the author s peasantisms in appreciation of the distinctive voices of his characters Such careful elegiac rendering of the stories perfectly suits Rulfo s Mexico in which people on the edge of despair nonetheless retain a sense of self of integrity that will not be taken away Paso Del Norte Juan Rulfo, 1971 A major figure in the history of post Revolutionary literature in Mexico Juan Rulfo received international acclaim for his brilliant short novel Pedro P ramo 1955 and his collection of short stories El llano en llamas 1953 translated as a collection here in English for the first time In the transition of Mexican fiction from direct statements of nationalism and social protest to a concentration on cosmopolitanism the works of Rulfo hold a unique position These stories of a rural people caught in the play of natural forces are not simply an interior examination of the phenomena of their world they are written for the larger purpose of showing the actions of humans in broad terms of reality Burning Plain Juan Rulfo, 2019-10-21 For a writer so reserved in what he saw into print Juan Rulfo has had a disproportional influence on writers of literature in Spanish and beyond on a par with Jorge Luis Borges and Gabriel Garc a M rquez His single story collection El Llano in flames provides a pithy and moving expression of life in central and western Mexico in the decades following the Revolution These stories have the quality of an oral testimony to harsh years and are delivered in a spare and exquisite voice This new translation by Stephen Beechinor marks the first time this masterpiece of Latin American literature has been made available to English language readers beyond North America since the book was first published in Spanish in 1953 *Interpretation and Compendium of Historical Fire Accounts in the Northern Great Plains* Kenneth F. Higgins, 1986 This interpretation and compendium of historical fire accounts in the northern Great Plains provides resource managers with background information to justify the study or use of fire in management and provides a reference of historic fire accounts for those without ready access to major library collections Historical accounts of fire are critiqued to aid interpreting the compendium
