M Anton Kaes,2000-02-26 Originally published London British Film Institute 2000 **"The Artist-Operas of Pfitzner, Krenek and Hindemith "** Claire Taylor-Jay,2017-07-05 This is the first book length study of the genre of artist opera in which the work s central character is an artist who is uncomfortable with his place in the world It investigates how three such operas Pfitzner s Palestrina 1915 Krenek s Jonny spielt auf 1926 and Hindemith s Mathis der Maler 1935 contributed to the debate in early twentieth century Germany about the place of art and the artist in modern society and examines how far the artist character may be taken as functioning as a persona for the real composer of the work Because of their concern with the place of art within society the works are also engaged with inherently political questions and each opera is read in the light of the political context of its time conservatism circa World War I Americanism and democracy and the rise of National Socialism **Einstein's Pacifism and World War I** Virginia Iris Holmes,2017-06-22 To understand how Albert Einstein s pacifist and internationalist thought matured from a youthful inclination to pragmatic initiatives and savvy insights Holmes gives readers access to Einstein in his own words Through his private writings she

shows how Einstein's thoughts and feelings in response to the war evolved from horrified disbelief to ironic alienation from both the war's violence and patriotic support for it by the German people to a kind of bleak endurance. Meanwhile his outward responses progressed from supporting initiatives of other pacifists to developing his own philosophy of a postwar order to being the impetus behind initiatives. In the beginning of the postwar period Einstein's writing reflected an optimism about Germany's new Weimar Republic and trust in the laudatory effects of military defeat and economic hardship on the German people. He clearly supported the principles in US President Woodrow Wilson's Fourteen Points speech. Yet Einstein's enthusiasm diminished as he became disappointed in the early Weimar Republic's leaders and as his aversion to the culture of violence developing in Germany grew. He also felt offended at the betrayal of Wilson's principles in the Treaty of Versailles. Drawing upon personal correspondence and public proclamations, Holmes offers an intimate and nuanced exploration of the pacifist thought of one of our greatest intellectuals.

The Routledge Companion to Global Film Music in the Early Sound Era Jeremy Barham, 2024-01-31 In a major expansion of the conversation on music and film history, *The Routledge Companion to Global Film Music in the Early Sound Era* draws together a wide-ranging collection of scholarship on music in global cinema during the transition from silent to sound films, the late 1920s to the 1940s. Moving beyond the traditional focus on Hollywood, this Companion considers the vast range of cinema and music created in often overlooked regions throughout the rest of the world, providing crucial global context to film music history. An extensive editorial Introduction and 50 chapters from an array of international experts connect the music and sound of these films to regional and transnational issues, culturally, historically, and aesthetically across five parts: Western Europe and Scandinavia; Central and Eastern Europe; North Africa; The Middle East; Asia and Australasia; Latin America; Soviet Russia. Filling a major gap in the literature, *The Routledge Companion to Global Film Music in the Early Sound Era* offers an essential reference for scholars of music, film studies, and cultural history.

Nazi Germany Pamela E. Swett, S. Jonathan Wiesen, 2024-07-11 A comprehensive examination of the political, social, and cultural history of Germany during the Nazi dictatorship from 1933 to 1945.

"Escape to Life" Eckart Goebel, Sigrid Weigel, 2012-05-29 After 1933, New York City gave shelter to many leading German and German Jewish intellectuals. Stripped of their German citizenship by the Nazi regime, these public figures either stayed in the New York area or moved on to California and other places. This compendium, adopting the title of a famous volume published by Klaus and Erika Mann in 1939, explores the impact the US and NYC in particular had on these authors, as well as the influence they in turn exerted on US intellectual life. Moreover, it addresses the transformations that took place in the exiled intellectuals' thinking when it was translated into another language and addressed to an American audience. Among the individuals presented in this volume are such prominent names as T. W. Adorno, H. Arendt, W. Benjamin, E. Bloch, B. Brecht, S. Kracauer, the Mann family, S. Morgenstern, and E. Panofsky. The authors of the essays in this compendium were free to choose the angle: biography, theory, politics, or aspect of a single work, a personal constellation deemed best to illuminate the given.
