Gruppi sanguigni e combinazioni alimentari** Pietro Mozzi,Martino Mozzi,Leila Ziglio,2012 River and Society in Northern Italy Marco Panato,2025-10-01 This book considers for the first time the relationship between the river environment and the economic and political structures of northern Italy in the post Roman period Through the study of the relationship between river and society over time it shows how the Carolingian conquest and other major political events in northern Italy did not seem to introduce radical changes in the daily life or broad economic systems In fact ecological circuits local networks family strategies and monastic policies seem to have been equal factors that shaped the relationship between river and society This monograph offers an innovative approach to the study of the early Middle Ages integrating social sciences historical records archaeological and geoenvironmental data analyses to overcome the lack of written and material sources These new integrated perspectives on the post Roman world shed light on the relationship between humans and

their environment and on the social complexity of the riverscape topics not yet fully investigated in the historiographical debate

The shipwreck of Santa Maria in Padovetere (Comacchio-Ferrara). Archaeology of a riverine barge of Late Roman period and of other recent finds of sewn boats Carlo Beltrame, Elisa Costa, 2023-02-28 The 5th century AD barge of Santa Maria in Padovetere was discovered and investigated inside an ancient river West of Comacchio The place which later hosted the parish of Santa Maria in Padovetere is considered a strategic crossroads of Late Roman waterways The anoxic conditions have well preserved the bottom and the entire right side This extraordinary conservation coupled with in situ digital documentation has allowed the reconstruction in 3D of the entire shape of the shipwreck It was a riverine flat bottom barge with a very high stern and a central long rudder according to a shipshape well documented by Central European Roman sculptures Scientific analysis allowed to reconstruct the environment where it moved and to make hypotheses on the types of goods transported This is a very rare example of an ancient riverine barge and an important evidence of the technique of construction by sewing The book also presents other recent finds of this construction technique which during the Roman period and the Early Middle Age was used only in the Upper Adriatic
