Analyses Of The Piano Works Of Maurice Ravel:

Ravel Olivier Messiaen, Yvonne Loriod, 2005 **Analyses of Nineteenth- and Twentieth-Century Music, 1940-2000** D. J. Hoek, 2007-02-15 The latest volume in the Music Library Association's Index and Bibliography series Analyses of Nineteenth and Twentieth Century Music 1940-2000 features over 9 000 references to analyses of works by more than 1 000 composers of the nineteenth and twentieth centuries References that address form harmony melody rhythm and other structural elements of musical compositions have been compiled into this valuable resource This update of Arthur Wenk's well known bibliography last published in 1987 includes all the original entries from that work along with additional references to analyses through 2000 International in scope the bibliography covers writings in English French German Italian and other European languages and draws from 167 periodicals as well as important theses dissertations books and Festschriften References are arranged alphabetically by composer and include subheadings for specific works and genres This bibliography provides students scholars performers and librarians with broad coverage detailed indexing and ready access to a large and diverse body of analytical literature on nineteenth and twentieth century music **An Analysis of the Piano Works of Maurice Ravel (1875-1937)** Mildred E. Simms, 1964 **Messiaen's Musical Techniques: The Composer's View and Beyond** Gareth Healey, 2016-04-22 Despite Messiaen's position as one of the greatest technical innovators of the twentieth century his musical language has not been comprehensively defined and investigated The composer's 1944 theoretical study The Technique of My Musical Language expounds only its initial stages and while his posthumously published Trait de rythme de couleur et d'ornithologie contains detailed explanations of selected techniques in most cases the reader is left to define these more precisely by observing them in the context of Messiaen's analyses of his own works Technical processes are nevertheless in many cases the primary components of a work or movement For instance personages dominate Joie du sang des toiles from the Turangala symphonie and in certain cases such as L change from the Vingt regards sur l'Enfant Jésus the process asymmetric augmentation is the only structuring element present Given this reliance on idiosyncratic techniques clear comprehension of the music is impossible without a detailed knowledge of Messiaen's methods Gareth Healey charts their development and interconnections considers their relationship with formal structures and applies them in refined and extended form to works for which Messiaen himself left no published analysis
