Anatomy Of The Quran:

Anatomy of the Qur'an Moshay G.J.O.,2011 The Muslim Students Association at the University of California says on their website Prophet Muhammad saas was the final Messenger of Allah to humanity and therefore the Qur an is the last Message which Allah has sent to us Its predecessors such as the Torah Psalms and Gospels have all been superseded It is an obligation and blessing for all who hear of the Qur an and Islam to investigate it and evaluate it for themselves Allah has guaranteed that He will protect the Qur an from human tampering and today s readers can find exact copies of it all over the world The Qur an of today is the same as the Qur an revealed to Muhammad saas Emphasis mine Are Muslims ready for such an investigation and evaluation of the Qur an It is a challenge we must take up Author G J O Moshay approaches this investigation with level headed gentleness but nonetheless holds nothing back He shows that the Qur an does not stand up under such scrutiny His logic is both quiet and irresistible He quotes what the Qur an says about itself and then asks questions that simply cannot be answered He goes on to list many of the surprising contradictions found in the Qur an He shows how the Qur an claims that Allah can say one thing today and then change it tomorrow Is Allah error free Of interest are the statements in the Qur an which clearly connect people who even secular history reveal lived over 1 000 years apart Make no doubt Moshay is writing from a Christian perspective What makes him unique is his in depth knowledge of the Qur an and its problems

Real Anatomy of the Glorious Qur'an Abdullahi [Kumo],2018-05-16 REAL ANATOMY OF THE GLORIOUS QUR AN This exceptionally written compendium about the Glorious Qur an is authored by Barr Abdullahi Abdulkadir Kumo A healthy and highly knowledgeable young man a Nigerian of Gombe state origin Barr Abdullahi has produced this book at a time when many other books and ideas about the Qur an and its revelation are being written and disseminated with a sole view of attacking it in order to discredit the book of Allah the Most Gracious the Quran The book is a detailed discussion of the balanced views of pious Scholars and at the same time a just refutation of the false propaganda of the Orientalists and other non Muslim writers who have maliciously ascribed certain concocted ideas to the Glorious and incomparable Qur an The author highlights those concocted views and refutes them and explains the right views about the Glorious Qur an and the right understanding of its revelation and the wisdom behind its chapterisation and arrangement Moreover the author uses the views of Scholars both Muslims and non Muslims classical and contemporary in order to substantiate his points and advances cogent argument to support his views He also refers to the writings of those who hold opposing views and exposes their incoherency or passive acceptance of the views of malignant critics of Islam The book presents a thorough extensive study of the Real Anatomy of the Glorious Qur an for Muslims in general and for those who want to know the actual truth about the Qur an in particular The content of the book shows that Allah SWT bestowed His favours upon the author which makes him really understand the light and guidance that the Glorious Qur an contains More so the book is also concerned with Qur anic Sciences and with any of the instrumental Sciences that Muslim and even non

Islam the Misunderstood Religion Danial Zainal Abidin, 2007 It is surprising that Islam is gaining momentum in the West amidst negative media coverage. The surge of new converts on hostile ground proves that Islam is a true religion that needs reckoning by the West. On 7th October 2002 it was reported in St Petersburg Times that Every year about 20 000 people in the United States convert to Islam according to a study conducted by the Council on American Islamic Relations. On 22nd February 2004 Nicholas Hellen and Christopher Morgan reported in The Sunday Times that More than 14 000 white Britons have converted to Islam after becoming disillusioned with western values according to the first authoritative study of the phenomenon. Some of Britain's top landowners celebrities and the offspring of senior Establishment figures have embraced the strict tenets of the Muslim faith. The intention of writing this book is not to create enmity or dissension but to convey the truth about Islam. We pray to Allah that it will benefit everybody Muslims and non Muslims alike. Dr Danial bin Zainal Abidin graduated from Alexandria University Egypt and is a licensed medical practitioner. He is also the managing director of Danial Zainal Consultancy in Malaysia a panelist for several TV programs in

Ahmad,2023-08-28 Have we ever wondered why Allah swt uses His name as Allah some places and Rabb in the others Have we ever wondered what the difference between momin and muslim is Can we make an argument to prove their meanings from within the Quran Have we ever wondered why Allah swt uses the word zikar so extensively throughout the Quran or what the meaning of the word zikar is or how the meaning of zikar is different from talu qara and ratal and even why there are talu qara and ratal the three different words for reading the Quran Or have we ever wondered why we are plagued by all kinds of catastrophes Or why is there so much chaos and conflict in the world and how can we solve these problems If we have not wondered about such questions the reason is that we have not read the Qur an in its true sense Today s Muslims have two main objectives for their children success in this world and triumph in the life hereafter Muslim children need natural and social knowledge but to fully enrich their minds they also need to learn about the Quran and Islamic traditions Many Islamic schools in North America are pursuing both of these objectives but educators often feel that merging these two goals is too difficult Having spent years teaching in Islamic schools and conducting a wealth of research Roohi A Ahmad has observed firsthand how complex the enterprise of Islamic education is She has also witnessed the void of learning outcomes teaching goals and most importantly a clear vision and methodology for Islamic education She has sought to remedy that situation in this book It provides a practical methodology designed to help Muslim educators create a state of the art Islamic education system that will lead to fully formed students who can function well in this world and ensure a positive outcome in the world to come **Encyclopaedia of Quranic Studies** Maulana Mohammad Razi Khan Afridi,2006 Al-Islam Iftikhar Ahmed Mehar,2003 This book details the reasons and circumstances which brought about the creation of the humanity its purpose of life in this Universe and the absolute guidance for its social and economical survival against the ever present forces of the Evil **Anatomy of the Qur'an** G.
