## **Angel Elizabeth Taylor:**

**Angel** Elizabeth Taylor, 2012-02-14 A darkly witty classic about literary worth ambition and romantic idealism set in turn of the century England with an introduction from Hilary Mantel Wolf Hall A delicious satire on the career of schoolgirl sensation Angelica Deverell She is a truly magnificent comic creation petulant paranoid and frighteningly prolific The Guardian Angelica Deverell lives above her diligent drab mother's grocery shop in a dreary turn of the century English neighborhood but spends her days dreaming of handsome Paradise House where her aunt is enthroned as a maid But in Angel's imagination she is the mistress of the house a realm of lavish opulence of evening gowns and peacocks Then she begins to write popular novels and this fantasy becomes her life And now that she has tasted success Angel has no intention of letting anyone stand in her way except perhaps herself Now back in print after 20 years this under recognized classic is unlike Angel's own novels self aware funny and subtly layered It both sharply satirizes its protagonist and acknowledges the intensity of her imagination and the rigor of her work all the while seeing her as fully human complicated and even sympathetic
