The Dialectic of the Spiritual Exercises of St. Ignatius of Loyola Gaston Fessard S.J., 2022-07-18 Gaston Fessard S J 1897 1978 was a major mid twentieth century French intellectual He was a Hegel expert but also wrote on issues of the day ranging from the Vichy regime to Christian Marxist dialogue The product of several decades of reflection Fessard s work on the Dialectic of the Spiritual Exercises of St Ignatius of Loyola is the only one of its kind a careful and penetrating study into the structure and tension of life changing choices that Ignatius had in mind in his four week spiritual exercises The Exercises insist on the way of making a spiritual Election or choice in keeping with God s will for oneself and for the Christian community at a particular moment in one s existence

Jung on Ignatius of Loyola's Spiritual Exercises C. G. Jung, 2023-01-31 Jung s lectures on the psychology of Jesuit spiritual practice unabridged in English for the first time Between 1933 and 1941 C G Jung delivered a series of public lectures at the Swiss Federal Institute of Technology ETH in Zurich Intended for a general audience these lectures addressed a broad range of topics from yoga and meditation to dream analysis and the psychology of alchemy Here for the first time are Jung s complete lectures on Ignatius of Loyola s Spiritual Exercises delivered in the winter of 1939 1940 These illuminating lectures are the culmination of Jung s investigation into traditional forms of meditation and their parallels to his psychotherapeutic method of active imagination Jung presents Loyola s exercises as the prime example of a Christian practice comparable to yoga and Eastern meditation and gives a psychological interpretation of the visions depicted in the saint s autobiographical writings Offering a unique opportunity to encounter the brilliant psychologist as he shares his ideas with the general public the lectures reflect Jung s increasingly positive engagement with Roman Catholicism a development that would lead to his fruitful collaborations after the war with eminent Catholic theologians such as Victor White Bruno de J sus Marie and Hugo Rahner Featuring an authoritative introduction by Martin Liebscher along with explanations of Jungian concepts and psychological terminology this splendid book provides an invaluable window on the evolution of Jung s thought and a vital key to understanding his later work

The Publishers Weekly , Eating Beauty Ann W. Astell, 2016-02-09 The enigmatic link between the natural and artistic beauty that is to be contemplated but not eaten on the one hand and the eucharistic beauty that is both seen with the eyes of faith and eaten on the other intrigues me and inspires this book One cannot ask theo aesthetic questions about the Eucharist without engaging fundamental questions about the relationship between beauty art broadly defined and eating from Eating Beauty In a remarkable book that is at once learned startlingly original and highly personal Ann W Astell explores the ambiguity of the phrase eating beauty The phrase evokes the destruction of beauty the devouring mouth of the grave the mouth of hell To eat beauty is to destroy it Yet in the case of the Eucharist the person of faith who eats the Host is transformed into beauty itself literally incorporated into Christ In this sense Astell explains the Eucharist was productive of an entire way of life a virtuous life form an artwork with Christ himself as the principal artist The Eucharist established for

the people of the Middle Ages distinctive schools of sanctity Cistercian Franciscan Dominican and Ignatian whose members were united by the eucharistic sacrament that they received Reading the lives of the saints not primarily as historical documents but as iconic expressions of original artworks fashioned by the eucharistic Christ Astell puts the faceless Host in a dynamic relationship with these icons With the advent of each new spirituality the Christian idea of beauty expanded to include first the marred beauty of the saint and finally that of the church torn by division an anti aesthetic beauty embracing process suffering deformity and disappearance as well as the radiant lightness of the resurrected body This astonishing work of intellectual and religious history is illustrated with telling artistic examples ranging from medieval manuscript illuminations to sculptures by Michelangelo and paintings by Salvador Dal Astell puts the lives of medieval saints in conversation with modern philosophers as disparate as Simone Weil and G W F Hegel **The British National**
