Essays on Ayn Rand's We the Living Robert Mayhew, 2012-01-01 Ayn Rand remains a truly significant figure of modern philosophy Her unique vision of a world in which man relying on reason acts wholly for his own good is skillfully developed and illustrated in her most famous novels Atlas Shrugged and The

Fountainhead But Rand's first novel *We the Living* a lesser known but no less important book offers an early form of the author's nascent philosophy the philosophy Rand later called Objectivism In the second edition Robert Mayhew once again brings together pre eminent scholars of Rand's writing The edition includes three new chapters as well as an epilogue by renowned Rand scholar Leonard Peikoff In part a history of *We the Living* from its earliest drafts to the Italian film later based upon it Mayhew's collection goes on to explore the enduring significance of Rand's first novel as a work both of philosophy and of literature For Ayn Rand scholars and fans alike this enhanced second edition is a compelling examination of a novel that set the tone for some of the most influential philosophical literature to follow [Essays on Ayn Rand's Atlas Shrugged](#) Robert Mayhew,2009-04-16 While the fiction of novelist philosopher Ayn Rand is extremely popular and enduring little has been written on it so far This book consists of essays most of which are new by top Rand scholars on *Atlas Shrugged* her magnum opus The essays deal with historical literary and philosophical topics surpassing related writings in breadth and depth of analysis The historical essays cover the writing of *Atlas Shrugged* its publication history and its reception The literary essays cover analysis of the novel's plot theme and characterization comparisons with other works such as the novels of Hugo Dostoyevsky and Joyce and the proper approach to adapting *Atlas Shrugged* to film The philosophical essays cover a vast range of topics including the place of Galt's speech in the novel the role of the mind in human life and the evil of non objective law Some of the essays make use of previously unpublished material from the Ayn Rand Archives [Essays on Ayn Rand's Anthem](#) Robert Mayhew,2005 The essays in this collection treat historical literary and philosophical topics related to Ayn Rand's *Anthem* an anti utopia fantasy set in the future The first book length study on *Anthem* this collection covers subjects such as free will political freedom and the connection between freedom and individual thought and privacy [Anthem](#) Ayn Rand,1953 Depicts a love dissenter's struggles in a future collectivized state [Anthem](#) Ayn Ayn Rand,2017-10-25 Why buy our paperbacks Expedited shipping High Quality Paper Made in USA Standard Font size of 10 for all books 30 Days Money Back Guarantee BEWARE of Low quality sellers Don't buy cheap paperbacks just to save a few dollars Most of them use low quality papers binding Their pages fall off easily Some of them even use very small font size of 6 or less to increase their profit margin It makes their books completely unreadable How is this book unique Unabridged 100% Original content Font adjustments biography included Illustrated *Anthem* by Ayn Rand *Anthem* is a dystopian fiction novella by Ayn Rand It takes place at some unspecified future date when mankind has entered another dark age Technological advancement is now carefully planned and the concept of individuality has been eliminated Plot Equality 7 2521 writing by candlelight in a tunnel under the earth tells the story of his life up to that point He exclusively uses plural pronoun's we our they to refer to himself and others He was raised like all children in his society away from his parents in collective homes Later he realized that he was born with a curse that makes him learn quickly and ask many questions He excelled at the Science of Things and dreamed of becoming a Scholar However a Council of Vocations assigns all people to their Life

Mandate and he was assigned to be a Street Sweeper Equality 7 2521 accepts his street sweeping assignment as penance for his Transgression of Preference in secretly desiring to be a Scholar He works with Union 5 3992 and International 4 8818 who is Equality's only friend which is another Transgression of Preference He found an entrance to a tunnel in their assigned work area Despite International's protests that any exploration unauthorized by a Council is forbidden Equality entered the tunnel and found that it contains metal tracks Equality realized that the tunnel is from the Unmentionable Times of the distant past He began sneaking away from his community to use the tunnel as a laboratory for scientific experiments He stole paper and is using it to write his journal He is now 21 years old While cleaning a road at the edge of the City Equality meets Liberty 5 3000 a 17 year old Peasant girl who works in the fields He commits another transgression by thinking constantly of her instead of waiting to be assigned a woman at the annual Time of Mating She has dark eyes and golden hair and he names her The Golden One When he speaks to her he discovers that she also thinks of him Later he reveals his secret name for her and Liberty tells Equality she has named him The Unconquered

Anthem (Annotated) Ayn Rand, 2018-02 This is an annotated version of the book 1 contains an updated biography of the author at the end of the book for a better understanding of the text 2 This book has been checked and corrected for spelling errors It is a sin to write this It is a sin to think words no others think and to put them down upon a paper no others are to see It is base and evil It is as if we were speaking alone to no ears but our own And we know well that there is no transgression blacker than to do or think alone We have broken the laws The laws say that men may not write unless the Council of Vocations bid them so May we be forgiven But this is not the only sin upon us We have committed a greater crime and for this crime there is no name What punishment awaits us if it be discovered we know not for no such crime has come in the memory of men and there are no laws to provide for it It is dark here The flame of the candle stands still in the air Nothing moves in this tunnel save our hand on the paper We are alone here under the earth It is a fearful word alone The laws say that none among men may be alone ever and at any time for this is the great transgression and the root of all evil But we have broken many laws And now there is nothing here save our one body and it is strange to see only two legs stretched on the ground and on the wall before us the shadow of our one head The walls are cracked and water runs upon them in thin threads without sound black and glistening as blood We stole the candle from the larder of the Home of the Street Sweepers We shall be sentenced to ten years in the Palace of Corrective Detention if it be discovered But this matters not It matters only that the light is precious and we should not waste it to write when we need it for that work which is our crime

Nothing matters save the work our secret our evil our precious work Still we must also write for may the Council have mercy upon us we wish to speak for once to no ears but our own Our name is Equality 7 2521 as it is written on the iron bracelet which all men wear on their left wrists with their names upon it We are twenty one years old We are six feet tall and this is a burden for there are not many men who are six feet tall Ever have the Teachers and the Leaders pointed to us and frowned and said There is evil in your bones Equality 7 2521 for your body has grown beyond the bodies of your brothers But we cannot change our bones nor our body We were born with a curse It has always driven us to thoughts which are forbidden It has always given us wishes which men may not wish We know that we are evil but there is no will in us and no power to resist it This is our wonder and our secret fear that we know and do not resist We strive to be like all our brother men for all men must be alike Over the portals of the Palace of the World Council there are words cut in the marble which we repeat to ourselves whenever we are tempted WE ARE ONE IN ALL AND ALL IN ONE THERE ARE NO MEN BUT ONLY THE GREAT _WE_ ONE INDIVISIBLE AND FOREVER We repeat this to ourselves but it helps us not These words were cut long ago There is green mould in the grooves of the letters and yellow streaks on the marble which come from more years than men could count And these words are the truth for they are written on the Palace of the World Council and the World Council is the body of all truth Thus has it been ever since the Great Rebirth and farther back than that no memory can reach But we must never speak of the times before the Great Rebirth else we are sentenced to three years in the Palace of Corrective Detention It is only the Old Ones who whisper about it in the evenings in the Home of the Useless They whisper many strange things of the towers which rose to the sky in those Unmentionable Times

Anthem Ayn Rand, 2004-12-28 Anthem is Ayn Rand's classic tale of a

dystopian future of the great We a world that deprives individuals of a name or independence that anticipates her later masterpieces *The Fountainhead* and *Atlas Shrugged* They existed only to serve the state They were conceived in controlled Palaces of Mating They died in the Home of the Useless From cradle to grave the crowd was one the great WE In all that was left of humanity there was only one man who dared to think seek and love He lived in the dark ages of the future In a loveless world he dared to love the woman of his choice In an age that had lost all trace of science and civilization he had the courage to seek and find knowledge But these were not the crimes for which he would be hunted He was marked for death because he had committed the unpardonable sin He had stood forth from the mindless human herd He was a man alone He had rediscovered the lost and holy word I I worship individuals for their highest possibilities as individuals and I loathe humanity for its failure to live up to these possibilities Ayn Rand **Anthem** Ayn Rand,2018-05-05 In *Anthem* Rand examines a frightening future in which individuals have no name no independence and no values Equality 7 2521 lives in the dark ages of the future where all decisions are made by committee all people live in collectives and all traces of individualism have been wiped out Despite such a restrictive environment the spark of individual thought and freedom still burns in him a passion which he has been taught to call sinful In a purely egalitarian world Equality 7 2521 dares to stand apart from the herd to think and choose for himself to discover electricity and to love the woman of his choice Now he has been marked for death for committing the ultimate sin In a world where the great we reign supreme he has rediscovered the lost and holy word I We are delighted to publish this classic book as part of our extensive Classic Library collection Many of the books in our collection have been out of print for decades and therefore have not been accessible to the general public The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature and our view is that this is a significant literary work which deserves to be brought back into print after many decades The contents of the vast majority of titles in the Classic Library have been scanned from the original works To ensure a high quality product each title has been meticulously hand curated by our staff Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work We hope that you will enjoy this wonderful classic work and that for you it becomes an enriching experience [The Liberal Tide](#) Jim Peron,2003 *Anthem Illustrated* ,2020-10-19 *Anthem* has long been hailed as one of Ayn Rand s classic novels and a clear predecessor to her later masterpieces *The Fountainhead* and *Atlas Shrugged* In *Anthem* Rand examines a frightening future in which individuals have no name no independence and no values Equality 7 2521 lives in the dark ages of the future where all decisions are made by committee all people live in collectives and all traces of individualism have been wiped out Despite such a restrictive environment the spark of individual thought and freedom still burns in him a passion which he has been taught to call sinful **The College Store Journal** ,1963
