[The New Politics of the NHS, Seventh Edition](#) Rudolf Klein, 2019-05-20 The New Politics of the NHS has become established over 30 years as the key overview of the NHS its processes and paths of influence The seventh edition remains a clear easy to read guide to often complex debates It encompasses both the background of the evolution of the NHS since its foundation and a completely up to date picture of its present

Socially-critical Environmental Education in Primary Classrooms Jane Edwards, 2015-10-26 The effectiveness of Education for Sustainable Development depends on the ability of schools and teachers to embrace pedagogies that reduce the gap between the rhetoric of education for the environment and the reality of classroom practices This book responds to the need to better understand the nature of the relationships between agency and structure that contribute to the development of educational rhetoric reality gaps in order to inform processes that most effectively facilitate pedagogical change This book explores the issues of pedagogical change through the experiences of Australian primary school teachers faced with the challenge of implementing an environmental education program in which young students were positioned as active participants in the social processes from which environmentally sustainable practices could be developed These teachers were required to adopt pedagogies that often represented the antithesis of their well established teacher directed approaches Through the use of Anthony Giddens Theory of Structuration

this book provides unique perspectives of the teacher mediated manner in which certain elements of structure and agency interrelate to enable and constrain classroom practices essential understandings for school principals and educational policy developers who aim to effectively implement pedagogical change This book also demonstrates that the Theory of Structuration provides a valuable ontological research framework and provides social researchers with practical guidance for how to relate this theory to specific research issues
