**Brill's Companion to the Reception of Sophocles**, 2017-04-03 Brill's Companion to the Reception of Sophocles offers a comprehensive account of the influence, reception, and appropriation of all extant Sophoclean plays as well as the fragmentary Satyr play *The Trackers* from Antiquity to Modernity across cultures and civilizations encompassing multiple perspectives and within a broad range of cultural trends and manifestations: literature, intellectual history, visual arts, music, opera, and dance, stage, and cinematography. A concerted work by an international team of specialists in the field, the volume is addressed to a wide and multidisciplinary readership of classical reception studies from experts to non-experts. Contributors engage in a vividly and lively interactive dialogue with the Ancient and the Modern which, while illuminating aspects of ancient drama and highlighting their ever-lasting relevance, offers a thoughtful and layered guide of the human condition.

**Catalog of Copyright Entries** Library of Congress, Copyright Office, 1947 [A Quarter Century of Value Inquiry](#) Richard T. Hull, 2021-11-01 This volume contains all of the presidential addresses given before the American Society for Value Inquiry since its first meeting in 1970. Contributions are by Richard Brandt, Virgil Aldrich, John W. Davis, the late Robert S. Hartman, James B. Wilbur, the late William H. Werkmeister, Robert E. Carter, the late William T. Blackstone, Gene James, Eva Huel, Cadwallader, Richard T. Hull, Norman Bowie, Stephen White, Burton Leiser, Abraham Edel, Sidney Axinn, Robert Ginsberg, Patricia Werhane, Lisa M. Newton, Thomas Magnell, Sander Lee, John M. Abbarno, Ruth Miller, Lucier, and Tom Regan. Autobiographical sketches by all of the living contributors and one recently deceased, biographical statements of the remainder, together with photographic portraits of all the contributors, make this volume a unique record of value inquiry during the past quarter century. Indicates previously unpublished or unpublished in the present form. Indicates substantial new material has been added. The addresses cover diverse topics from broad general ones to value inquiry into literature, bioethics, and public policy to philosophy of mind to critical studies of other philosophers' work, defenses of philosophy, and of applied ethics, individual role, and cultural relativism of values. The American Society for Value Inquiry is nearing its 25th anniversary. Its leadership is elected annually, often with a vice president becoming president elect, then president, then past president, a structure that serves to insure a measure of continuity. Its members are drawn to the society not by a particular credo or ideology or philosophical position but by a common interest in questions of value ranging from abstract meta-value inquiry to disciplinary and trans-disciplinary value inquiry. For those who share this range of passions, the volume will preserve, collect, organize, and in a number of cases recover material in danger of being lost to them. The Presidential Address is a unique genre resembling in some ways a sermon. Indeed, preparing a presidential address before a philosophical society is often an exercise in developing an exhortation to members to take up a neglected topic to embrace as important, a particular viewpoint it may as well be a cautionary to avoid a particular error. It is often a dramatic moment as a last act of the presidency, having observed closely the trends and winds blowing through the discipline, the speaker is afforded the

opportunity to hold forth on a topic at once intensely personal and believed to be of wide interest While some societies publish presidential addresses in newsletters or informal proceedings and occasionally in professional bulletins or journals rarely have a substantial bloc of a society's presidential addresses been collected and published under one cover Too often the presidential address is delivered discussed by those present perhaps summarized in a paragraph in a newsletter to members and filed as a fond memory of a moment of honor in the papers of the author sometimes to be forgotten lost discarded or otherwise removed from availability to scholars of the history of philosophy This volume inaugurates a series aiming at preserving presidential and other major addresses before philosophical societies It seeks to be a historical record not only of the address but also of the reflections and recollections of the author It seeks to preserve as a part of the historical record a photograph of the author And with the personal character of an autobiographical statement it seeks to humanize and render lively and real the profession
