Ukstins,2017-09-06 Fundamentals of Audiology for the Speech Language Pathologist Second Edition is specifically written for the speech language pathologist working with hearing impaired populations This accessible text incorporates the expertise of audiologists along with the knowledge and experience of speech language pathologists The theories and training of both disciplines are combined in order to facilitate the practical application of foundational audiological information into speech language pathology practice Islamic Education in Indonesia and Malaysia Azmil Tayeb,2018-03-13 Despite their close geographic and cultural ties Indonesia and Malaysia have dramatically different Islamic education with that in Indonesia being relatively decentralized and discursively diverse while that in Malaysia is centralized and discursively restricted The book explores the nature of the Islamic education systems in Indonesia and Malaysia and the different approaches taken by these states in managing these systems The book argues that the post colonial state in Malaysia has been more successful in centralising its control over Islamic education and more concerned with promoting a restrictive orthodoxy compared to the post colonial state in Indonesia This is due to three factors the ideological makeup of the state institutions that oversee Islamic education patterns of societal Islamisation that have prompted different responses from the states and control of resources by the central government that influences centre periphery relations Informed by the theoretical works of state in society relations and historical institutionalism this book shows that the three aforementioned factors can help a state to minimize influence from the society and exert its dominance in this case by centralising control over Islamic education Specifically they help us understand the markedly different landscapes of Islamic education in Malaysia and Indonesia It will be of interest to academics in the field of Southeast Asian Studies Asian Education and Comparative Education Hearings, Reports and Prints of the Senate Committee on Labor and Public Welfare United States.
