Advanced Methods for the Solution of Differential Equations Marvin E. Goldstein, Willis H. Braun, 1973 This book is based on a course presented at the Lewis Research Center for engineers and scientists who were interested in increasing their knowledge of differential equations Those results which can actually be used to solve equations are therefore emphasized and detailed proofs of theorems are for the most part omitted However the conclusions of the theorems are stated in a precise manner and enough references are given so that the interested reader can find the steps of the proofs

Complex Variables and Applications James Ward Brown, Ruel Vance Churchill, 1996 Focusing on routines as basic as going to school and cooking and cleaning *Voices of Civil War America Contemporary Accounts of Daily Life* explores the lives of ordinary Americans during one of the nation's most tumultuous eras The book emphasizes the ordinary rather than the momentous to help students achieve a true understanding of mid 19th century American culture and society Recognizing that there is no better way to learn history than to allow those who lived it to speak for themselves the authors utilize primary documents to depict various aspects of daily life including politics the military economics domestic life material culture religion intellectual life and leisure Each of the documents is augmented by an introduction and aftermath as well as lists of topics to consider and questions to ask
