Kenneth MacLennan,2014-08-08 The world is replete with conflicts between various governments and various religious factions Author and retired educator H Kenneth MacLennan has come to realize that these conflicts will not be resolved until the believers of these religions and governments better understand the true nature of those things in which they believe Everyman s Prayer Book is a humorous satirical and a sometimes serious look at the nature of how democratic governments and their courts using many of the same pillars and elements of the legal definition of witchcraft crafty science sorcery and fortune telling to procure tax payments from believers as Christianity uses in seeking offerings from believers In considering the nature of democratic governments and their courts you will find important truths and insights into human nature Those insights and truths will be revealed through satirizing ridiculing
