

The background of the cover is a close-up, high-angle photograph of a microchip. The chip is dark, likely black or dark blue, and is populated with various components. There are several gold-colored pins or leads extending from the chip. The surface of the chip shows intricate patterns of circuitry, including what appears to be a central square pad and various rectangular and circular features. The lighting is dramatic, with strong highlights and deep shadows, giving the chip a three-dimensional appearance.
