The Way of the Iceman Wim Hof, Koen de Jong, 2017-02-26 Science has now proved that the legendary Wim Hof Method of breath control and cold training can dramatically enhance energy levels improve circulation reduce stress boost the immune system strengthen the body and successfully combat many diseases While Wim Hof himself has run marathons in 30 C in shorts swum hundreds of meters under the ice sat in a tank of ice for 90 minutes without his core temperature changing and boosted his metabolism by over 300% The Way of The Iceman documents how anyone can use Wim s methods to transform their health and strength quickly and safely After teaching specialized breathing techniques to SEALs for years helping them focus stay warm in the cold ocean and get centered in combat I can attest to the authenticity and power of Wim Hof s methods Wim Hof is providing a great service with his new book The Way of The Iceman by bringing breath training and simple powerful health practices into mainstream consciousness Mark Divine US Navy SEAL ret Founder SEALFIT Best selling author of Unbeatable Mind and Way of the SEAL I am continuously searching for ways to expand my mind body and spirit Wim Hof and The Way of The Iceman have done just that He shows us that human potential is limitless and we are ALL capable of anything we set our minds to Lewis Howes New York Times bestselling author of The School of Greatness What fascinates me most about Wim Hof s method is the potential application for athletes the science in this book shows that we can all amplify our recovery maximize our pain tolerance massively jack up energy levels and even learn to control inflammation and it can be done without resorting to toxic drugs In fact the system outlined in this manual might just be the key to producing a generation of enhanced but drug free athletes Paul Coach Wade author of Convict Conditioning Inspiration inspires What I like most about Wim and his book is how he taught me to trust my body overcome fear and give me the best opportunity for success He mixes personal experience and science which becomes truly motivating Wim provides the tools you need to master self discipline gain courage and live a vibrant life He is Aquaman and Tony Robbins rolled into one He is The Iceman Jesse Itzler author of Living With A SEAL Homo sapiens is a species that is uniquely and tragically ill adapted to our environment Maladies ranging from heart disease to diabetes to autoimmune disorders are generated by the mismatch between the natural world we evolved to live in and the artificial realms in which we find ourselves today Wim Hof s teachings show us how to recalibrate our bodies in a way that recognizes the extremes of our natural environment as teachers to be celebrated and consulted rather than enemies to be insulated against Wim s deepest insights resonate with our hunter gatherer ancestors who understood the

wisdom of adapting to the natural world rather than trying to dominate and control it Christopher Ryan PhD New York Times best selling author of Sex at Dawn We live in a chaotic modern world with daily assaults on our health from frenetic schedules poor sleep high stress chronic disease and infectious illness Our brain and nervous system have been hijacked by this toxic environment always on high alert with real consequences to our physical and mental health With The Way of The Iceman Wim Hof has given a profound gift to public health The science is solid and the results actual and measureable As you follow his remarkable life story it is readily apparent that this man is no charlatan or snake oil salesman Through years of commitment and self experimentation Wim has empirically figured out how to exert significant control over the autonomic nervous system a feat once thought impossible His method has held up to scrutiny under the dispassionate lens of science expanding our knowledge of what is possible with dedicated training in what is now known as the Wim Hof Method Deceptively simple and incredibly powerful The Way of the Iceman gives you not only the scientific framework but actionable steps you can implement to take back control over your high jacked brain increase resilience from illness and start healing yourself from the inside out The Wim Hof Method has become a cornerstone in my personal daily wellness plan and as a public health physician I cannot recommend it highly enough Dr Chris Hardy D O MPH CSCS Public Health Physician Integrative Medicine Specialist The Way of The Iceman is one of only two books in my life that I have read cover to cover the first time I put my hands on it What won me over was the simplicity of the explanations of diabetes inflammation and the family of modern ills Moreover the discussion on diet just a brief mention of Fast Five is the first time I actually understood not only how inflammation is such an issue but a means to deal with it This book is the missing link for most of us the discussion of breathing is so simple yet so doable coaches and athletes will understand a newer and simpler means of recovery Nothing in the book is over the top and we are talking about a guy who swims under ice The method is so simple yet so elegant It s marvelous and I think you will apply the techniques immediately Daniel John author of Never Let Go Wim Hof has learned to control his physiology in a way rarely seen in human history This book takes his extraordinary techniques and simplifies them so you can optimize your health and wellness I recommend you learn the unique methods Wim has mastered in order to add vitality to your body and life Chad Waterbury neurophysiologist author The Muscle Revolution I found The Way of The Iceman absolutely fascinating Many of us are familiar with the numerous benefits of cold training such as increased energy levels better circulation and improved mood but nothing on the subject has ever been presented of this magnitude before The legend himself Wim Hof along with Koen De Jong share not only a detailed account of Mr Hof s lifetime achievements such as running a marathon in the Arctic in just a pair of shorts but also practical actionable methods that anyone can employ This book has everything from progressive cold submersion methods to breathing techniques It delves into meditation and spirituality but also presents the hard science to back it up Any fan of physical culture or anybody curious about how far the human limits can be pushed needs to add this to their library Danny Kavadlo author of Strength

Rules Wim Hof's techniques healed my gut where nothing else would And I tried everything The Way of The Iceman should be required reading The world is just beginning to realize the extraordinary gift we have in Wim Hof Mark Joyner founder of Simpleology As someone who enjoys bare chested outdoor winter calisthenics workouts Wim Hof's extreme cold weather feats immediately appealed to me The Wim Hof Method is so simple that anyone can get started right away And the results are so palpable that once you start you'll almost certainly want to keep going Al Kavadlo author of Street Workout and Pushing The Limits Wim Hof first came across my radar a few years ago when I heard of a crazy Dutchman defying the laws of thermodynamics How could a man submerge himself in freezing water for prolonged periods of time without hypothermia How was it possible for his body temperature to stay the same during the process This book is an enlightening look into the nervous system and the amazing power of the mind Don't mistake this for simple cold therapy although that is a piece of the puzzle This book will give you a front row seat to an education on the nervous system and how one man and his disciples have learned to control it in a way that we previously thought was impossible I found The Way of The Iceman fascinating Max Shank founder of Ultimate Athleticism and author of Master The Kettlebell When I read The Way of The Iceman I was struck with awe and hope Wim has brought scientific evidence to what I personally believe and have been teaching my students for years about breathing bioenergetics and our connection to the spirit world By demystifying the religious Wim is helping to support a Truth in the New World mainly that spirituality without science descends into superstition and science without spirituality degrades humanity into the meaninglessness of materialism Elliott Hulse Wim Hof makes the seemingly mystical and extraordinary ridiculously easy to access Anyone who is willing to explore the latent powers of deep breathing and imagination will feast upon his unique story and his method of overpowering the unconquerable elements of nature Matt Furey author of Combat Conditioning What lies within this book is the key to accessing power whenever and wherever on demand A tool to transcend consciousness and tap into the highest version of yourself Never have I experienced anything that allowed me to instantly shift vibration and release such energy AJ Roberts Fitness Hall of Fame and All Time World Record Holder

REVIEWED The Wim Hof Method Cooltura,2023-05-02 Wim Hof an athlete from Holland also known as the Iceman holds several Guinness records and is famous for developing the method that bears his name a combination of exposure to extreme cold with breathing and meditation techniques Hof himself claims to have invented nothing However the system he offers is patented and has led him to have millions of followers and hundreds of certified disciples who teach the method around the world Is it a combination of techniques that could indeed improve our quality of life

Becoming the Iceman Wim Hof,Justin Rosales,2011-11 Becoming the Iceman is a project inspired by Wim and Justin to show the world that anyone can adopt the ability to become an Iceman or Icewoman The project s goal is to show that the ability to control the body s temperature is not a genetic defect in Wim but an ability that can be adopted by everyone For many generations we have been taught to fear the cold Don t forget your jacket You don t want hypothermia do you Put your gloves on before you get frostbite Of course these are consequences of extreme cold exposure but with the proper understanding anyone can learn to use the cold as a natural teacher You may have seen Wim Hof on television running barefoot through the snow or swimming in ice cold waters While performing those incredible feats Wim remained completely warm and comfortable the entire time Wim is the epitome of what can happen if someone uses the cold to train the body Like any new tool you must understand how it works before you can use it efficiently This pertains to the cold as well You may be wondering How can you prove that anyone can learn this ability Well as of Fall 2009 Justin Rosales had no experience with the cold whatsoever He was a college student attending Penn State University After Justin s friend Jarrett showed him one of Wim s videos on You Tube he became exceedingly interested in understanding this ability He wanted to see if it was possible for anyone to learn In Spring 2010 after speaking to Wim for several months via email Wim invited Justin to attend his workshop in Poland After many weeks of working as a dishwasher Justin was able to pay for the trip and learn the technique of the Iceman With more training and countless experiences with the cold Justin began to slowly adapt The length of time he could remain exposed increased dramatically He quickly realized that the technique to withstand the cold was indeed an ability that could be learned by everyone This book tells the tale of Wim and Justin s journey to Becoming the Iceman
