Powell, James R. Powell, 1987-10 **Scientific and Technical Books and Serials in Print**, 1989 **Mathematics Today** **Twelve Informal Essays** L.A. Steen, 2012-12-06 The objective of the present book of essays is to convey to the intelligent nonmathematician something of the nature development and use of mathematical concepts particularly those that have found application in current scientific research The idea of assembling such a volume goes back at least to 1974 when it was

discussed by the then newly formed Joint Projects Committee for Mathematics JPCM of the American Mathematical Society the Mathematical Association of America and the Society for Industrial and Applied Mathematics Currently the nine members of the JPCM are Saunders Mac Lane Chairman of the University of Chicago Frederick J Almgren Jr of Princeton University Richard D Anderson of Louisiana State University George E Carrier of Harvard University Hirsh G Cohen of the International Business Machines Corporation Richard C DiPrima of Rensselaer Polytechnic Institute Robion C Kirby of the University of California at Berkeley William H Kruskal of the University of Chicago and George D Mostow of Yale University The JPCM decided to make production of this volume its first major project and requested the Conference Board of the Mathematical Sciences CBMS of which its three sponsoring societies are all member organizations to approach the National Science Foundation on its behalf for support of the undertaking A proposal submitted by the CBMS in December 1974 and in revised form in July 1975 was granted by the Foundation in May 1976 and work on assembling the volume got under way
