

Craft Whiskey Distilling (Down and Dirty Business Plan)

Assumption One: You will keep your day job during planning and building of a craft distillery.

Assumption Two: The first year or will be spent writing a business plan, raising money, finding a location and ordering distilling equipment. Then obtain permits from: City, County, Use permits, State and Federal Distilling permits. Get the permits before renting the building. Once the distilling equipment is installed call TTB to obtain your DSP. Finally obtain FDA's apply for label approval for the products you plan to sell.

Assumption Three: It will cost over \$450,000 to open a distillery, producing 3,000 to 6,000 cases / year.

Assumption Four: Income from the first year of production will come from distilling 40-50% made from 100% tallat two days to produce and bottle. Whiskey, depending on the style and type of barrels used should be aged six months to two years. (Note whiskey requires very little aging)
