

No. we went on a drive and got kind of drunk first. Every time he would stop to pee he would put his hand down my pants and run his finger from my pussy to my clit. He'd get back in the pick up and keep driving. He only touched me when we stopped. So of course I was super wet by the time we got back to his house.

I love that he was feeling you up like that! I def know what it does to your pussy. What happened when you got back to his house?

He made me instantly get in front of the couch and get on my knees while he undid his pants

Cultures of Shame

David Nash, Anne-Marie Kilday, 2010-10-20 This monograph traces the use, abuse and negotiation of the concept of shame from 1600-1900. The book shows good and bad behaviour, morality and perceptions of crime in British society at large and identifies the changing interaction between popular and official notions of shame. Each of the chapters is a single episode in the ongoing history of shame, contextualized by two chapters which discuss the historiography and theory of shame and their implications for the history of crime and social relations. The wide acceptance and utility of shame as the early episodes in the book suggest became manifestly less obvious during the eighteenth century. The traditional uses and functions of shame were questioned yet the growth of the public sphere allowed some of its messages to become recast in modern forms. The last examples in the book demonstrate shame's longevity and relevance beyond the arrival of modernity. **Maximum Rockroll**, 2003.
