Explained USA 9 2018 Retirement Planning Explained For Small Business:

Defined Contribution Plans: Challenges and Opportunities for Plan Sponsors Jeffery V. Bailey, Kurt D.

Winkelmann, 2021-08-11 American workers rely on their employers to provide a way to generate retirement income beyond their Social Security earnings. Many employers still offer traditional defined benefit DB pension plans. A growing majority, however, have replaced DB plans with account based defined contribution DC plans. Virtually everyone acknowledges that the basic DC plan design is flawed. Yet as a society with low private savings and a fraying Social Security system, we count on this imperfect structure to serve as a retirement security bulwark. Workers and society both need the employer sponsored retirement system to function well. Enhancing DC plan design therefore becomes critical. *Defined Contribution Plans: Challenges and Opportunities for Plan Sponsors* offers guidance to plan sponsors interested in better understanding the primary issues confronting DC plans. We wrote this book from the viewpoint of the plan sponsor seeking to improve the DC system and it follows five major themes: the plan participant, the plan sponsor, plan design, investments, and investment managers and asset decumulation in retirement. We present the material conversationally from a high level perspective. We have not sought to write an encyclopedia on DC plans but rather focus on the basic features of well run plans. We address key challenges facing DC plans and offer associated design and policy recommendations for plan sponsors and other interested parties to consider. Plan design improvements almost certainly will be incremental rather than sweeping top down changes mandated by regulators. Plan sponsors individually will make the important decisions that have lasting consequences for participants and for society. Our objective is to spark interest among sponsors, encouraging them to carry out additional research and take action. We believe the DC system will be strengthened by informed sponsors advocating for and implementing thoughtful strategic changes to their plans. *Monthly Catalog of United States Government Publications*, 2001.
