

## CHAPTER 5: RESEARCH DESIGN AND METHODOLOGY

### 5.1 INTRODUCTION

In Chapter One an orientation of the research was provided. This study focuses on the needs and competencies of school sport managers. These are required for the sport management training of educators, in accordance with the diverse needs of South African schools (cf. par. 1.3.2, p. 12). As a result of the problem statement referred to in Chapter One, the all-encompassing aim of this study is to develop a sport management programme for educator training. It is essential to analyse the existing knowledge, as a background to the current study. In this way, the researcher endeavours to generate new knowledge, which could make sport management and educator training more purposeful, efficient and sustainable. Consequently, this chapter strives to operationalise the theme of the research design and methodology in the current study, as well as to substantiate the choices made in the study.

The research design is applied so that suitable research methods are used to ensure the attainment of the goals and objectives set out in Chapter One. Hence the **reason (rationale)** for a discussion of the research design and methodology: Firstly, this is to provide the plan or blueprint for the research. Secondly, this should enable the researcher to anticipate the appropriate research design, to ensure the validity of the final results. Nevertheless, it is important that different views are analysed; thereafter, the methodology will be discussed. However, first it is important to consider a theoretical framework for the research design.

### 5.2 THEORETICAL FRAMEWORK FOR THE RESEARCH DESIGN AND METHODOLOGY

One of the challenges facing the researcher is the difficulty in relating to and understanding the role and importance of theory in research. Consequently, the concept of theory necessitates some clarification. In this regard, Verma and Malick (1999:6) as well as Blumberg, Cooper and Schindler (2011:36) are of the opinion that the main role of theory is to help to guide the researcher. In the social sciences, it usually implies a set of statements describing and explaining the relationship between human behaviour and the factors that affect or explain it. Paraphrasing Best and Khan (2006:10), a theory could best be described as an attempt to develop a general explanation for some phenomenon. More specifically, a theory, according to these authors, defines non-observable constructs that are inferred from observable facts and events, and are thought to have an effect on the phenomenon under study. It further implies that a theory describes the relationship among key variables for explaining a current state or predicting future concurrences.

**Research Methods for Massage and Holistic Therapies** Glenn Hymel, 2005-09-23 This comprehensive resource covers a broad array of research strategies available to massage therapists to give them the tools they need to be knowledgeable readers of research literature as well as active researchers The primary focus of the book is on the quantitative aspect of research that encompasses the principal types of studies most extensively used in the various health care professions specifically massage therapy Extensive coverage is also given to the qualitative and integrative research categories that are progressively gaining recognition among researchers in various health science disciplines and professions Accommodates the March 2003 mandate from the Commission on Massage Therapy Accreditation COMTA that massage therapy schools incorporate into their curricula provisions to ensure a research literate profession Examples and techniques for interpreting research guide practitioners and students to be knowledgeable readers of massage therapy research allowing application to practice Relies heavily on concept maps flowcharts tables and illustrations and excerpts of published studies to augment the book's narrative development of topics by providing pictorial displays and summaries of the material Literature based and hypothetical research examples illustrations from several manual therapy professions employing therapeutic massage make the material pertinent to real life settings An introductory section at the beginning of each chapter reviews the material covered in the previous chapter and how it relates to the new material Chapter coverage spans the quantitative qualitative and integrative research categories and affiliated research strategies and methods are considered in detail Review summary tables give an overview of the narrative development of topics Boxes provide the essential features of a given topic Relies on multiple examples of possible research scenarios and illustrative excerpts from the published research literature Content is cross referenced for use with the Massage Therapy Foundation's Massage Therapy Research Curriculum Kit to provide both instructors and students in the 6 15 and 24 hour options levels an extensively developed resource in one place Each chapter includes recommended web sites and software application packages for further information

**The Literature Review** Lawrence A. Machi, Brenda T. McEvoy, 2021-12-22 The essential guide updated expanded and easier to use than ever Creating a successful literature review can be a daunting task which is why so many researchers have relied on previous editions of this book to make the process more manageable Using the six step model you'll work seamlessly to narrow your research topic focus your literature search negotiate the myriad of books periodicals and reports about your topic and of course write the review Updated expanded and reorganized to improve ease of use the fourth edition of this bestselling handbook includes New and improved graphics ideal for visualizing the process More explanations and tips especially for writing in the early stages An expanded range of learning tools Additional reflection sections to direct metacognitive activities Four new reference supplements This pioneering book has provided countless graduate students and researchers with a road map to success Its model takes you through the logical progression needed for producing a quality

literature review while taking the mystery out of the process *A Project Management Approach for Supply Chain Management to Sustain Growth and Performance at Suppliers* Louis Jansen van Rensburg, 2013-09-12 Doctoral Thesis Dissertation from the year 2013 in the subject Business economics Supply Production Logistics grade A Atlantic International University Business School of Economics course Doctor of Project Management PhD language English abstract Supply chain especially procurement drives almost 70% of commodities daily in companies to sustain the performance for strategic intent Working in an environment where teams function cross functional and also building relationships with suppliers performance normally give rise to high expectations both for the company contracting suppliers and the suppliers conducting various tasks contractually to fulfil demanding orders Defence and contractual defence commodities in South Africa has decreased exponentially since 1980 till 1994 even so today that many suppliers have lost their skills and manufacturing ability to enter a market that is very risky today Besides the normal performance measurement rating a supplier as an approved supplier the author argued with existing frameworks how little modern and well established companies know about their suppliers contributing to strategy Taking the conceptual frameworks based on performance quality SRM Supplier Relationship Management and SOB Supplier Organisational Behaviour the author is of opinion that suppliers can be measured using organisational behaviour concepts to enhance performance at suppliers The research will contribute new ideas developed by others as a concept to gain information about the behavioural patterns why key suppliers contributing for Company X cannot perform effectively and efficiently By means of a survey targeting key suppliers the research formulated wanted to gain tacit information about the following elements that drives performance from a project management approach The hit and significance of augmented reality. Application and treatments in tertiary education Avery Jerome Agboro, 2016-10-27 Case Study from the year 2016 in the subject Computer Science Commercial Information Technology grade Merit language English abstract The related study researched the effect of Augmented Reality AR on understudies learning inside a tertiary training setting Unequivocally it measured learning upgrade levels inspiration and the apparent acknowledgment of the innovation as members occupied with a lesson identifying with the human mind life systems An aggregate of 80 exploration members from the Middlesex University Mauritius Branch Campus participated in the study They were selected from an assortment of offices and relegated arbitrarily in a split 40/40 proportion to 2 bunches 1 Augmented Reality Instruction ARI and 2 Traditional Instruction TI In light of their allotted bunches members were either treated to Augmented Reality based directions or Traditional 2D guidelines Toward the end of the lesson members from both gatherings were required to take a post test taking into account what they had learnt Moreover members that participated in the Augmented Reality Instruction treatment were additionally required to take a Technology Acceptance test Investigation of results got from the post tests of both ARI and TI treatment bunches highlighted a solid huge distinction in learning picks up Furthermore the Technology Acceptance test taken by the ARI bunch likewise demonstrated that the utilization of AR positively affected understudies

inspiration to learn furthermore reflected as the fundamental purpose behind their acknowledgment of the innovation

*Development of a new competence and behaviour model for skills in working with people for project managers* Eddie Fisher, 2008-06-10 Doctoral Thesis Dissertation from the year 2006 in the subject Business economics Business Management Corporate Governance The Open University Open University Milton Keynes United Kingdom language English abstract The growing penetration of projects as a way of organising work in many organisations has created a shortcoming between what companies expect in terms of project delivery and the way in which their project managers execute projects The constantly changing demands have created a need for project managers to manage the people in their projects more effectively to meet these expectations A review of the general and project management literature has revealed that a shortcoming exists and the nature of this shortcoming What used to be appropriate skills in working with people are no longer adequate now that working practices are changing in response to increases in pressures to achieve better results This thesis has developed a competence and behaviour model for skills in working with people for project managers that provides the means to fill the shortcoming The exploration to develop this model has taken place mainly through interviews with project managers from the community of practice in United Kingdom organisations supplemented by the participatory research observations of the researcher as a practising project management professional The research focus was on the impact humans make in the activities of project management within a socially constructed world The research considered competences and behaviours of skills in working with people for project managers and therefore had to deal with the meaning that people put on their observations As a consequence their descriptions have been collected analysed and interpreted by applying a constructivist interpretivist approach within a phenomenological research paradigm The results from this study are of interest to both academics and the community of practice in project management The new competence and behaviour model of skills in working with people for project managers can be incorporated in future editions of bodies of knowledge such as those promoted by the PMI APM or IPMA and other people competence models in the area of general management

**Identification and Evolution of Future (Mega-) Trends in Logistics** Manuel Siekmann, 2011-10-05 Master s Thesis from the year 2009 in the subject Business economics Supply Production Logistics grade 1 0 European Business School International University Schlo Reichartshausen Oestrich Winkel language English abstract The objective of this thesis is to get an overview of the status quo of logistics service providers future orientation and their exposure to corporate foresight thinking and methodologies of futures studies as well as to identify specific future challenges in an attempt to comprehensively investigate how service providers prepare for upcoming challenges An important managerial implication of the study is to create awareness among the participating companies of the potential of foresight and its various methods for applications in the ever more complex and rapidly changing logistics industry The underlying assumption is that logistics service providers are heavily impacted by their external context Moreover foresight activities and methodologies are in

accordance with the title of the thesis assumed to be of benefit for the identification and evolution of future trends and their corresponding strategic relevance In line with the mentioned research goals the benefits of this thesis are twofold First it contributes to the emerging discussion on foresight activities in corporations by adding an industry specific analysis Second this thesis can help draw the attention of decision makers to the fact that foresight might become one of the most important sources of competitive advantage in tomorrow s economy

customers impose on vendors as the condition for the project to be awarded The research drills down in Agile standard process and PMI methodology to recommend appropriate changes in the existing internal processes that will assist in overcoming the constraints It has analysis of multiple IT vendor experts on the same subject and interview feedback as qualitative analysis to further support the findings The recommendations include redefining project success criteria to properly assess project failure attributes appropriate project selection and existing process enhancement using Agile process as a base Phase I Cultural Resource Investigation of the Burlington to Des Moines Highway Corridor: Report ,1990

**Adult Language Learning: Insights, Instructions And Implications** Shamim Ali,2011-05-06 Master s Thesis from the year 2006 in the subject Pedagogy Adult Education National University of Modern Languages Islamabad English Department course Research Project language English abstract The present study aims to investigate that age is not a detriment to language learning As young students are biologically disposed to better second language learning as well as given certain benefits such as lower self monitor and affective filter but at the same time adults are also not at a lower vantage point in L2 learning process In the language learning program adult learners bring with them certain advantages Adults are better at understanding grammatical rules since they are aware of the rules and structures in their own language Especially in the areas of vocabulary and language structure adults are actually better language learners than children Adult learners have more highly developed cognitive systems are able to make higher order associations and generalizations and can integrate new language input with their already substantial learning experience They also rely on long term memory rather than the short term memory function used by children and younger learners for rote learning Adults have already developed learning strategies that have served them well in other contexts They can use these strategies to their advantage in language learning This research will suggest ways of dealing better with adult learners in their academic performance in the language class The researchers aim will be to investigate that they have potentials to become accomplished language learners with the advantage of more advanced cognitive development in the first language and they integrate new language input with their already substantial learning experience To prove her point of view the researcher will involve 10 teachers and 30 students of Diploma Certificate and Foundation level at the Department of English functional Courses at National University of Modern Languages Islamabad For assessing adult learners proficiency in the class questionnaires will be distributed among the participants Classroom observation are also contributing factor in determining the learning process of adult learners so these tools will be used to find the role and behavior pattern of adult learners Further it would help language teachers to understand that experience of adult learner is a living text book and teachers can go through the language programme by cooperating with adult learners *Completing Your Qualitative Dissertation* Linda Dale Bloomberg,Marie Volpe,2015-11-05 Addressing one of the key challenges facing doctoral students *Completing Your Qualitative Dissertation* by Linda Dale Bloomberg and Marie Volpe fills a gap in qualitative literature by offering

comprehensive guidance and practical tools for navigating each step in the qualitative dissertation journey including the planning research and writing phases Blending the conceptual theoretical and practical the book becomes a dissertation in action a logical and cohesive explanation and illustration of content and process The Third Edition maintains key features that distinguish its unique approach and has been thoroughly updated and expanded throughout to reflect and address recent developments in the field

**Completing Your Qualitative Dissertation: A Road Map From Beginning to End**

Linda Dale Bloomberg, Marie Volpe, 2012-04-26 Graduate students often struggle with turning qualitative research projects into a master s thesis or doctoral dissertation because the research itself is inherently messy Completing Your Qualitative Dissertation A Roadmap From Beginning to End Second Edition helps address that challenge Linda Dale Bloomberg and Marie Volpe have distilled decades of experience of dissertation advisement and successful doctoral defenses into this highly practical reference for graduate students They focus on finding and articulating a clear research problem purpose and questions laying out a research design that will lead to gathering the right kind of data and support the right kind of analysis and writing up and defending the study To help they provide working tools an integrative summary discussion at the end of each chapter comprehensive checklists and an annotated bibliography in each chapter

*Narcissism and Conspicuous Consumption of Adolescents in Russia* Maria Ushakova, 2017-10-30 Master s Thesis from the year 2017 in the subject Sociology Consumption and Advertising grade 96 100 language English abstract The general idea of this master thesis is to investigate the phenomenon of conspicuous consumption in Russia from a totally new perspective the perspective of a young generation of consumers with a set of motivation Thus the aim of this research is to examine the interdependence between narcissism and conspicuous consumption in young generation of Russian consumers The purchasing of goods in order to demonstrate the wealth and power for the further purpose of the status maintenance is not a new tendency for Russia nowadays Conspicuous consumption is frequently linked with the post communist countries consumers of those are the worldwide famous for their love to luxury goods Thus historically the term refers to the upper class people who purchase expensive brand products in a pursuit of prestige and honor However with the time and many political economic and social media influences the phenomenon itself has developed Goods demonstrators main players and the initial purposes have been shifted significantly As one of the main change the self related motives became one of the most important group of drivers of the purchasing decision what is especially interesting to see among the non mature consumer segment of the country young generation Being grown in modern consumer societies and spoiled by wide variety of choices ironically young people tend to consume goods to feed their self love Having purchased a novelty of the season a modern

youngster hurries to make selfie and post it in social network to get some approvals and or admiration measuring in likes Many scientists worldwide claim that such a habit may root in much deeper reason than just the age of technology and even assign it to personal complexes Deriving from the childhood those complexes cause in the chronicle narcissism which is dramatically increasing in people of modern society

**Optimum Capital Structure** Lutfa Ferdous,2019-05-23 Thesis M A from the year 2009 in the subject Business economics Economic Policy grade M B A University of Dhaka course Master of Finance language English abstract Capital structure is one of the most converse and vital issues both in finance literature and practical research This research deals with the theoretical and empirical aspects of capital structure decision It is observed that the determination of debt ratio is subtle and sophisticated to determine and its estimation is still a matter of debate and yet there is no entirely satisfactory theoretical model for forecasting the optimal debt ratio in the firm s capital structure There is little consensus on how firms choose their capital structure and how the firm specific factors influence the shape of the capital structure This research develops a link between theory and practice of capital structure This study has supported a set of sample firms to show the impact of six factors determinants on the financial leverage and how they comply with the findings derived by different previous theories regarding these factors Least Square method has been used to assess the influence of defined explanatory variables on the capital structure by using the dataset of Bangladeshi manufacturing firms for the period 2000 to 2004 Out of Six examined explanatory variables agency equity agency debt Bankruptcy profitability are statistically significant determinants of financial leverage Otherwise growth rate and operating leverage are found to be insignificant Agency equity agency debt bankruptcy operating leverage profitability growth rate all these are showing a negative relation with the dependent variable Also this paper suggests that the institutional context and macroeconomic events play an essential role in the capital structure decisions of Bangladeshi companies It would seem appropriate that further research should focus on the role played by the institutional framework such as the impact of taxation the practice of good corporate governance legal and regulatory structure

**The Role of Faith Based Therapy in Treating Depression in African Americans** Jacquelyn Claude,2019-04-25 Master s Thesis from the year 2011 in the subject Psychology Consulting and Therapy grade A Walden University Public Health language English abstract The purpose of this critical literature review study is to review the existing research related to faith based counseling and its specific use for treating depression symptoms among African American adults Forty seven peer reviewed articles from the professional literature were selected for review based on relevance to African Americans and faith based organizations Results of the review indicated the need to critically evaluate efficacy of faith based programs based on scientifically determined outcomes The implications for positive social change include increased access to affordable healthcare in a trusting environment decreased prevalence rates for depression in African Americans and reduction in disparities in mental healthcare delivery Current research has indicated that there are disparities in mental healthcare treatment that are affecting African Americans

The literature has not strongly supported the use of spiritual leaders as counselors primarily because of a lack of certification in mental health counseling among clergy. However, the literature has shown that religious faith can have a positive effect on quality of life.

**The Specification of Street Lighting Needs. Final Report** V. Gallagher, 1975 *Risk Management and the Rate of Project Success within Multi-Projects Environment* Emmanuel Ezeoke, 2016-02-03 Master's Thesis from the year 2012 in the subject Business economics Miscellaneous grade 1 5 course MSc Project management language English abstract

This research has the intention to examine risk management in a multi-project environment with the aim of finding out how organizations do their risk implementations and if the implementation of risk processes within participant organizations has any impact on the rate of project success within a multi-project environment. As found in most literatures, project risk management has concentrated more on single standalone projects as opposed to managing project risk as a portfolio where lessons learned from one project could be of benefit to another project within the same project environment. As risk management in projects has evolved over the recent decades as an integral part of project management, in recent times it has gained tremendous attention within the industrial sector because of an increased awareness about the relationship between efforts to reduce risk and project success. Within the academic community, there is the existence of a gap in literatures regarding risk management in multiple project environments and for the fact that the research that has been performed within the academic community has largely focused on the idea of risk management occurring in single project environments, the research will be aimed at how risk management is implemented within the organizations that will be examined in order to draw up a conclusion if risk is better managed at a single project level or at a multi-project level.

### **Chapter 5 Research Design And Methodology 5 1 Introduction Introduction**

In the digital age, access to information has become easier than ever before. The ability to download Chapter 5 Research Design And Methodology 5 1 Introduction has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Chapter 5 Research Design And Methodology 5 1 Introduction has opened up a world of possibilities. Downloading Chapter 5 Research Design And Methodology 5 1 Introduction provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Chapter 5 Research Design And Methodology 5 1 Introduction has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Chapter 5 Research Design And Methodology 5 1 Introduction. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Chapter 5 Research Design And Methodology 5 1 Introduction. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites

that prioritize the legal distribution of content. When downloading Chapter 5 Research Design And Methodology 5 1 Introduction, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Chapter 5 Research Design And Methodology 5 1 Introduction has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

### **FAQs About Chapter 5 Research Design And Methodology 5 1 Introduction Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility.
