The Trinity Scott Swain, 2020-10-06 Practical Theology for the Church Today The Trinity is one of the most essential doctrines of the Christian faith as it reveals a magnificent truth about God that he is one God eternally existing as three distinct persons While Christians often struggle to find the right words to describe the union of Father Son and Spirit the Bible gives clarity concerning the triune God's activity in nature creation grace redemption and glory reward In the second installment of the Short Studies in Systematic Theology series theologian Scott Swain examines the Trinity presenting its biblical foundations systematic theological structure and practical relevance for the church today **Introduction to Systematic Theology** Louis Berkhof, 2021-11-04 The book discusses the major areas of Christian belief from a classic Reformed perspective He covers areas like Theology proper Anthropology Christology Soteriology Ecclesiology and Eschatology such strange but essential terms And for each topic discussed there is a historical overview Thus one gets a good dose of historical theology along with systematic theology I found his definitions quite helpful in crystallizing a doctrine and making it sink in Consider for instance his definition of God's holiness That perfection of God in virtue of which He eternally wills and maintains His own moral excellence abhors sin and demands purity in his moral creatures Concise Clear Powerful An absolute essential work for any serious student of the Scriptures and as service guide to their Christian Faith
