Enneagram Theology Rhenn Cherry,2021-08-16 The enneagram has become popular among evangelical Christians as a spiritualized personality typology that claims to help people better understand themselves and others Several influential evangelical Christian leadership ministries have promoted the enneagram as a tool in forming and maintaining effective ministry teams and the personality typology is now taught and embraced at several Christian universities But uncertainty exists about the appropriateness of referring to the Enneagram as a Christian tool Are pastors and Christian institutional leaders aware of the theology associated with the Enneagram Enneagram Theology Is It Christian provides a biblical critique of the Enneagram s underlying theology and exposes not only its foundational theological contradictions with orthodox evangelical theology but also some potential dangers to the church

The Doctrine of the Word of God John M. Frame,2010 John Frame s A Theology of Lordship series has been greeted with acclaim The Doctrine of God receiving an ECPA Gold Medallion Award This fourth and final volume in the series discusses God s word in modern theology and how God s word comes to us as his controlling power meaningful authority and personal presence Dr Frame says that God s speech to man is real like one person speaking to another God speaks so that we can understand him and respond appropriately Appropriate responses are of many kinds belief obedience affection repentance laughter pain sadness and so on God s speech is often propositional God s conveying information to us But it is far more than that It includes all the features functions beauty and richness of language that we see in human communication and more So the concept I wish to defend is broader than the propositional revelation that we argued so ardently forty years ago though propositional revelation is part of it My thesis is that God s word in all its qualities and aspects is a personal communication from him to us
