**Blackjack Card Counting - How to be a Professional Gambler** Greg Elder,2013-03-04 How to become a professional blackjack card counter The good news is you don't have to be a mathematical genius to learn how to count cards the bad news is many of the Hollywood movies depicting the life of a card counter as fast cash and penthouse suites make it all seem a little too easy This book will give you a realistic look at what it takes to be a professional card counter I will take you step by step through the entire process As a former educator I came up with a simple progressive learning model using a basic Hi Lo level one count system that in combination will make it much easier for you to learn how to count cards I broke the entire system down to make it as easy as possible so you can get into the casino quicker Many times people do not even attempt to learn card counting because they think it is too hard If they do attempt it they get frustrated after a short time because the system is so complex they get lost in the mathematics The only two things you need to be able to do to learn card counting are memorize and practice This book isn't filled with hypothetical theories it shows you the exact steps you need to take to learn to count cards Now don't get me wrong learning everything in this book will not be easy but most people can do it if they dedicate themselves to learning However card counting is much more than simply learning the process the hard part is finding the right games and not being detected by the casinos Those areas will be covered as well Don't worry the courts have ruled that counting is not cheating or illegal but in Vegas they can throw you out because it is a private establishment not because you are doing anything wrong Counting cards is simply using your mind in a game of skill If using your mind is cheating than I don't know how else to play This book is for those of you familiar with blackjack that want to find out what card counting is all about If you're tired of losing and are ready to take your game to the next level so you have the advantage over the casino this book is for you If you can already count cards you may pick up a few tips here and there but you probably already know most of the content in the book

**Gambling for Winners** Ward Wilson, This book is for you only if you gamble to make money If your idea of fun and entertainment includes giving away your hard earned money to casinos I can't help you If you enjoy sitting in a mindless bright lights dingy trance while you drop quarters down a slot this book is not for you If you think casinos are built and run by stupid people you better stay out of them If you think you can beat a blackjack dealer by wild assed guessing think again If you play poker just because it's now so popular you don't need my book If you believe you can just happen to be lucky enough to beat the odds you live in a fantasy world and you'd hate this book for destroying your illusions But if you're hard headed serious willing to work and tired of the mainstream gambling books that simply teach you how to lose less rather than win If you understand casinos don't stay in business by giving out more money than they take in This is an extensive examination of the most popular forms of gambling If you can find any positive expectation bets and how Some of the material is controversial Some of it is unique It's not for beginners If you don't already know how to play blackjack or craps buy and read the basic books first This one assumes you know and understand the rules of play If you have emotional or psychological issues around money my strong advice is don't gamble If you want to believe casinos are playgrounds built for your amusement this is not the book for you I use statistical concepts and common sense to strip away the bright lights and glamor to reveal the mathematical realities of gambling For the most part it's not pretty Not if you want to make money instead of lose it But there are opportunities there for people willing to work hard and understand the obstacles so they can surmount them If you're still an emotional child needing the adrenaline rush and excitement of winning money this is not for you And not only the casinos want to take your money hordes of online scammers selling bogus systems online also are after the money belonging to would be pro gamblers Until you can enter a casino and remain blind to the red carpeting the flashing lights dingy slots and the entire aura of glamorous partying you'll remain a loser If you have enough money to pay for a mirage that's up to you Most people don't

Stanford Wong's Professional Blackjack Stanford Wong, 1977 *Repeat Until Rich* Josh Axelrad, 2010-03-18 A deliciously wry edge of the seat memoir of making a fortune with card counters across a wide swath of blackjack in America At twenty four Josh Axelrad held down a respectable and ominously dull job on Wall Street Adventure was a tuna fish sandwich instead of the usual turkey for lunch Then one night a stranger at a cocktail party persuaded him to leave the nine to five behind and pursue an unlikely dream the jackpot The stranger was a blackjack card counter and he sold Axelrad on the vision of Vegas with all its intrigue adventure and cash Repeat Until Rich is Axelrad's taut atmospheric and darkly hilarious account of ditching the mundane and entering the alternative universe of professional blackjack Axelrad has one thing in common with his team Jon Roth the leader and a former options trader Neal Matcha a

recovering lawyer Aldous Kaufman a retired math Ph D candidate They all thrived in the straight world found success boring and vowed to make life more exotic Axelrad adopts Roth s philosophy repeat until rich and from his strategy and skill spring hasty retreats across casino floors high speed car chases arrests on dubious grounds and the massive cash paydays that make it all worthwhile Along the way he unveils the tactics and debunks the myths of professional card counters In team play he s either the big player who bets the big money or the controller who subtly coordinates the team s betting while wagering only the minimum himself Counting is not illegal and it s less intellectually daunting than its MIT level mystique suggests With clarity and wit Repeat Until Rich proves the old gambler s maxim that if you can tip a waiter you can count cards But it also proves how zealous even forceful casino bosses can be in backing off counters seeing past their undercover methods and banning them from the tables Josh soon grows to love all this trouble and discovers more than the money what he needs most of all is the rush Filled with actual bad guys chase scenes and high stakes Repeat Until Rich offers an intoxicating unprecedented view of the dangerous allure of living off the cards and one s wits

**Blackjack Strategy** Michael Benson,2000 There is only one casino game in which a player if he plays perfectly can gain a mathematical advantage over the house That game is blackjack Blackjack Strategy teaches you everything you need to know to fatten your wallet and have a good time at the tables At last here is an easy to understand guide to blackjack s basic strategy and card counting Michael Benson explains when to take a hit when to stand when to split and when to double down and how all these decisions are influenced by the card count Included are a comprehensive list of blackjack rules including those particular to specific casinos regions and foreign countries how to avoid the surveillance techniques houses use to weed out card counters inside tips from the professionals a money management guide to maximize winnings and minimize losses and 40 strategy charts Blackjack Strategy is entirely up to date for today s casino play and unlike many other blackjack guides doesn t require a mathematician s skill to comprehend 512 X 814 176 pages diagrams charts

**Play Blackjack Like the Pros** Kevin Blackwood,2005-03-29 Professional blackjack player Kevin Blackwood shares his million dollar winning strategies for mastering the odds and consistently beating the house at their own game Play Blackjack Like the Pros is the requisite introduction to the modern game of blackjack including high and low stakes casino shoe games several decks shuffled together online and tournaments Blackwood begins with the basic rules of play and then moves on to teach his proven card counting method broken down into three levels novice recreational and professional He also covers camouflaging techniques it s perfectly legal to count cards but if the house catches you they will kick you out money management and team play Blackwood includes many stories of his and other professionals triumphs at the tables and keeps the highly technical language that bogs down most gaming books to an absolute minimum Play Blackjack Like the Pros is written in the style of Phil Hellmuth s Play Poker Like the Pros using easy to understand lessons that all levels of players can quickly benefit from Blackwood is one of the world s top card counters He began with only a few hundred dollars and has won over a million

playing blackjack In Play Blackjack Like the Pros he demonstrates how to earn over 10 000 a month from just a few days work Blackjack is set to balloon in popularity Ben Mezrich s book on the MIT card counting team Bringing Down the House was on the New York Times bestseller list for weeks and is being made into a movie starring Kevin Spacey Blackjack Tournaments are growing in popularity with many of the top casinos offering large prize pools Online Blackjack is currently a multi million dollar industry Blackwood keeps the highly technical language that bogs down most gaming books to an absolute minimum Foreword by Stanford Wong author of Professional Blackjack and the master of modern card counting
