able to read nice and worthy works from research developed in chemical mechanical computing automotive and many other fields Presuppositions and Discourse: Essays Offered to Hans Kamp Rainer Bauerle, Uwe Reyle, Thomas Zimmermann, 2010-03-23 So it is hardly a decade ago that presupposition theory has been cast into a promising theoretical form And as this provided an inspiring starting point for further research we thought that at the turn of the century the time had come to discuss what the new theory had taught us and which promising further perspectives had been opened up This was the motivation behind the conference on Presupposition which we convened in Stuttgart in October 2000 and which gave rise to the papers collected in this volume The conference was funded by the Deutsche Forschungsgemeinschaft which we gratefully acknowledge Undoubtedly presupposition theory is a major chapter in the success story of dynamic semantics A conference on the topic thus also seemed to us the ideal birthday present for one of the founding fathers of dynamic semantics our teacher and friend Hans Kamp on his 60th birthday To him we dedicate the volume as an expression of our gratitude for his untiring effort to make us understand **Advanced Information Systems Engineering** John Krogstie, Hajo A. Reijers, 2018-06-04 This book constitutes the refereed proceedings of the 30th International Conference on Advanced Information Systems Engineering CAiSE 2018 held in Tallinn Estonia in June 2018 The 37 papers presented in this volume were carefully reviewed and selected from 175 submissions The papers are organized in topical sections on Process Execution User Oriented IS Development Social Computing and Personalization the Cloud and Data Services Process Discovery Decisions and the Blockchain Process and Multi level Modelling Data Management and Visualization Big Data and Intelligence Data Modelling and Mining Quality Requirements and Software and Tutorials **IBM Software Defined Environment** Dino Quintero, William M Genovese, KiWoon Kim, Ming Jun MJ Li, Fabio Martins, Ashish Nainwal, Dusan Smolej, Marcin Tabinowski, Ashu Tiwary, IBM Redbooks, 2015-08-14 This IBM Redbooks publication introduces the IBM Software Defined Environment SDE solution which helps to optimize the entire computing infrastructure compute storage and network resources so that it can adapt to the type of work required In today s environment resources are assigned manually to workloads but that happens automatically in a SDE In an SDE workloads are dynamically assigned to IT resources based on application characteristics best available resources and service level policies so that they deliver continuous dynamic optimization and reconfiguration to address infrastructure issues Underlying all of this are policy based compliance checks and updates in a centrally managed environment Readers get a broad introduction to the new architecture Think integration automation and optimization Those are enablers of cloud delivery and analytics SDE can accelerate business success by matching workloads and resources so that you have a responsive adaptive environment With the IBM Software Defined Environment infrastructure is fully programmable to rapidly deploy workloads on optimal resources and to instantly respond to changing business demands This information is intended for IBM sales representatives IBM software architects IBM Systems Technology Group brand specialists distributors resellers and anyone who is

developing or implementing SDE *Developments and Advances in Intelligent Systems and Applications* Álvaro Rocha, Luís Paulo Reis, 2017-06-10 This book primarily addresses Intelligent Information Systems IIS and the integration of artificial intelligence intelligent systems and technologies database technologies and information systems methodologies to create the next generation of information systems It includes original and state of the art research on theoretical and practical advances in IIS system architectures tools and techniques as well as success stories in intelligent information systems Intended as an interdisciplinary forum in which scientists and professionals could share their research results and report on new developments and advances in intelligent information systems technologies and related areas as well as their applications it offers a valuable resource for researchers and practitioners alike

IBM Open Platform for DBaaS on IBM Power Systems Dino Quintero, Fabio Martins, Eduardo Luis Cerdas Moya, Rafael Camarda Silva Folco, IBM Redbooks, 2018-03-26 This IBM Redbooks publication describes how to implement an Open Platform for Database as a Service DBaaS on IBM Power Systems environment for Linux and demonstrate the open source tools optimization and best practices guidelines for it Open Platform for DBaaS on Power Systems is an on demand secure and scalable self service database platform that automates provisioning and administration of databases to support new business applications and information insights This publication addresses topics to help sellers architects brand specialists distributors resellers and anyone offering secure and scalable Open Platform for DBaaS on Power Systems solution with APIs that are consistent across heterogeneous open database types An Open Platform for DBaaS on Power Systems solution has the capability to accelerate business success by providing an infrastructure and tools leveraging Open Source and OpenStack software engineered to optimize hardware and software between workloads and resources so you have a responsive and an adaptive environment Moreover this publication provides documentation to transfer the how to skills for cloud oriented operational management of Open Platform for DBaaS on Power Systems service and underlying infrastructure to the technical teams Open Platform for DBaaS on Power Systems mission is to provide scalable and reliable cloud database as a service provisioning functionality for both relational and non relational database engines and to continue to improve its fully featured and extensible open source framework For example Trove is a database as a service for OpenStack It is designed to run entirely on OpenStack with the goal of allowing users to quickly and easily utilize the features of a relational or non relational database without the burden of handling complex administrative tasks Cloud users and database administrators can provision and manage multiple database instances as needed Initially the service focuses on providing resource isolation at high performance while automating complex administrative tasks including deployment configuration patching backups restores and monitoring In the context of this publication the monitoring tool implemented is Nagios Core which is an open source monitoring tool Hence when you see a reference of Nagios in this book Nagios Core is the open source monitoring solution implemented Also note that the implementation of Open Platform for DBaaS on IBM Power Systems is based on open source solutions This book is targeted

toward sellers architects brand specialists distributors resellers and anyone developing and implementing Open Platform for DBaaS on Power Systems solutions **Future Communication Technology and Engineering** Kennis Chan,2015-04-06 This volume contains the papers presented at the 2014 International Conference on Future Communication Technology and Engineering FCTE2014 taking place in Shenzhen China from 16 17 November 2014 Communication technologies are developing quickly and there are more possibilities for future communication technologies provided by the achievements made rather than limitations At the convention innovative and inspiring ideas were presented certain controversial topics were discussed e g what are the most efficient convenient methods for information communication and what is the most probable prospect for future communication technology It is difficult to make any definite conclusions from these presentations and discussions but the desire and drive for improvement and development shown by the participants authors are surely remarkable and respectable In this book 70 papers are included chosen from hundreds of submissions contributed by scientists from various countries and regions after careful reading and discussing by a team of reviewers These papers cover almost every possible aspect of communication technology including communication systems automation and control engineering electrical engineering AI algorithms signal processing data mining and knowledge based systems **Cloud Computing** Igor Faynberg,Hui-Lan Lu,Dor Skuler,2015-11-02 Cloud Computing Business Trends and Technologies provides a broad introduction to Cloud computing technologies and their applications to IT and telecommunications businesses i e the network function virtualization NFV To this end the book is expected to serve as a textbook in a graduate course on Cloud computing The book examines the business cases and then concentrates on the technologies necessary for supporting them In the process the book addresses the principles of as well as the known problems with the underlying technologies such as virtualization data communications network and operations management security and identity management It introduces through open source case studies based on OpenStack an extensive illustration of lifecycle management The book also looks at the existing and emerging standards demonstrating their respective relation to each topic Overall this is an authoritative textbook on this emerging and still developing discipline which Guides the reader through basic concepts to current practices to state of the art applications Considers technical standards bodies involved in Cloud computing standardization Is written by innovation experts in operating systems and data communications each with over 20 years experience in business research and teaching **HyperTalk Programming** Dan Shafer,1988 *Locomotive Sparks* William Freeman Myrick Goss,1907 **The Open Stack** ,1987 Agenda California Postsecondary Education Commission,1990-12-09 Issues for 1974 include minutes recommendations special reports etc **Agenda - California Postsecondary Education Commission** California Postsecondary Education Commission,1991 Issues for 1974 include minutes recommendations special reports etc *HyperProgramming* George F.
