## **Introduction To Nigerian Legal Method:**

Nigerian Legal Methods C. C. Ohuruogu, O. T. Umahi, 2013-09-27 This text is a collection of writings on assigned topics by some scholars and lecturers in the Faculty of Law at Benson Idahosa University and those invited from outside the university. The idea to write a text for use in the study of legal methods for law students was borne out of the desire to present a range of updated material in this area of study. The focus of this text is Nigeria. The book is written in simple, easy-to-understand language and meant essentially for law students in the first year of the five-year course in Law as structured by the National Universities Commission (NUC). Nevertheless, persons who are in need of information or education on different aspects of the Nigerian legal process will also find aspects of the text useful. The contributors come from diverse backgrounds and experiences, which is reflected in their styles of presentation. However, each has endeavoured to present the assigned topic in such a form as to enhance comprehension by the primary beneficiaries. The inclusion of chapters on advocacy and mooted skills, as well as examination skills and strategies, makes this text unique and allows it to offer more detailed analysis than existing texts in Nigeria provide.

Introduction to Nigerian Legal Method Jose Gregorio Flores, 1999-01-01 *Themes on the Nigerian Legal System* Chijioke Chris Ohuruogu, 2025-11-03 The book offers additional reading in areas not covered by existing texts on Nigerian Law and will be useful not only to students but to practitioners and researchers seeking information on aspects of Nigerian Law. The beauty of *Themes on the Nigerian Legal System* lies in two most appealing facts: one that it is a contribution from learned authors who are not only specialists in the specific area of Nigerian Law but may also be found in institutions of learning throughout the length and breadth of the country; and two, the authors have written in simple, easy-to-understand language and we hope this will help. This book is highly recommended.

Introduction to Nigerian Legal System J. O. Asein, 1998-01-01 The Nigerian Legal System T. Olawale Elias, 2025-03-03 Originally published in 1954 and here reissuing the second edition of 1963, *The Nigerian Legal System* now with a new preface by Olusoji Elias is an account of the history of the courts, the sources and general principles of law in Nigeria. It discusses the applications of the English doctrine of judicial precedent, the relationship of English law to customary law, and the limits within which English and Nigerian conceptions of contract, tort, crime, land tenure, and personal relations operate. The author also deals with the local administration of the law, the intercourse between the bench and the bar, and not least the future of Nigerian law. This valuable book is of use to students of African studies and lawyers who in their work have dealings with the countries of Africa. It first appeared under the title *Groundwork of Nigerian Law* but the present title is a more apt description of the content. A number of textual errors have been corrected and large sections have been entirely re-written or expanded in order to bring the book up to date.

*The Nigerian Legal System* Adefi M. Olong, 2007 The author is both a practitioner within the Nigerian legal system and is a lecturer in law. From these two perspectives, he provides a full introduction to the Nigerian legal system. Amongst topics covered are branches and institutes of the system, functions, classifications, sources, English law doctrines of

equity statutes in England and those extended to Nigeria Nigerian legislation judicial precedent hierarchy of Courts customary law application of State decisions in Customary and Sharia Law conflicts between English and Customary Law Also covered are applicable law between the different provenances conflicts between Islamic and Customary Law types of Courts in Nigeria and their jurisdiction and legal aid Essential documents are provided Protocol to the African Charter on Human Universal Declaration of Human Rights and African Charter on Human and People s Rights A valuable explanation is given of words and maxims used in the Nigerian legal system and an index Olong Adefi is a barrister and solicitor of the Supreme Court of Nigeria and lecturer at the Faculty of Law at Kogi State University where he teaches administrative law commercial law land law legal research method human rights and the Nigerian legal system *Introduction to modern Nigerian legal method* Kabir Mohammed Danladi,2010 *The Nigerian Legal Method* Ese Malemi,2010 **The Nigerian Legal System: Private law** Charles Mwalimu,2005 Volume 1 on public law provides an introduction to the Nigerian legal system The various chapters deal with introduction and sources of law jurisprudence and Nigerian perspectives African customary law Islamic law comparative constitutionalism and Nigerian perspectives citizenship immigration and administrative law judicial system and legal profession criminal law evidence and civil procedure statutory marriage and divorce laws customary marriage and divorce marriage and divorce under Islamic law matters of children gender and law in Nigeria with emphasis on Islamic law Volume 2 has 25 chapters on private law that includes security of the environment and environmental law land and property administration commercial business and trade laws communication media and press laws transportation and carrier laws law enforcement armed forces and military laws investments and intellectual property
