Managing Successful Programmes Manual:

Managing successful projects with PRINCE2 Great Britain. Office of Government Commerce, 2009-06-08 This book provides a universally applicable project management method the principles processes and techniques that enable individuals and organisations successfully to deliver their projects within time cost and quality constraints This new edition has been designed to place more emphasis on the principles that underpin successful project management and to provide clear guidance on how to apply these principles to the organisational context within which projects are operating

Managing successful programmes Great Britain. Office of Government Commerce, 2007-09-03 Combining rigour and flexibility MSP helps all organisations public sector and private large and small achieve successful outcomes from their programme management time and time again With change a pressing reality for all organisations successful programme management has never been more vital to success Organisations must respond as new processes or services are introduced supplier relationships alter and structures adapt to market forces or legislation At the same time all organisations strive to achieve excellence by improving practices offering better services preparing more effectively for the future and encouraging innovation But change always creates new challenges and risks Inevitably there will be interdependencies to manage and conflicting priorities to resolve as the organisation adapts not just to a new situation internally but to the constantly shifting world outside To enable organisations to manage their programmes successfully they need a structured framework that does two things It must acknowledge that every programme exists in its own context and demands unique interpretation At the same time it must be universally applicable MSP has been developed with these two priorities in mind Its framework allows users to consistently manage a huge variety of programmes so that they deliver quality outcomes and lasting benefits Fusing leadership with management best practice MSP enables organisations to coordinate their key functions develop a clear sense of unity and purpose and achieve the strategic cohesion necessary to drive through effective change

Directing successful projects with PRINCE2, 2009-06-16 This title has been designed to be a role specific handbook for senior managers and project board members which describes how to oversee projects being managed using PRINCE2 The guide sets PRINCE2 in the wider context of project management but still non specific for industry sector and describes or cross references techniques which support the PRINCE2 method The title contains chapters on the duties and behaviour of the Project Board the Project Board s activities covering starting up a project authorising initiation authorising a project authorising a stage giving ad hoc direction authorising closure reviewing benefits tailoring PRINCE2 *Directing Successful Projects with PRINCE2* forms part of a pair of publications that are the result of the PRINCE2 2009 Project to update the PRINCE2 guidance Its companion is *Managing Successful Projects with PRINCE2* ISBN 9780113310593 Project Management Based on PRINCE2® 2009 edition Hans Fredriksz, Bert Hedeman, Gabor Vis van Heemst, 2012-06-01 For trainers free additional material of this book is available This can be found under the Training Material tab Log in with your trainer

account to access the material Note This book is available in several languages English Dutch An increasing number of companies are working in a project like manner using the PRINCE2 project management method The advantages of a standard method are great a uniform method of working and terminology makes projects comparable transferable and orderly Moreover PRINCE2 has additional qualities such as the standard no go go decision with each stage the Business Case at the centre of the project and clear agreements about who is responsible for what The book gives a faithful representation of the 2009 Edition of the PRINCE2 methodology with many lists serving as reference material for all project types and sizes Furthermore as the content of the book covers all specs for the PRINCE2 Foundation exams it can serve as a good basis for the PRINCE2 Foundation exams The three authors of this title have successfully combined their tremendous experience and made this available in a structured manner to those who are involved in controlling designing or managing projects And whatever they missed was added by a team of expert reviewers The content for this book is also intended for everyone doing projects in real world it covers more than the minimum reference that is necessary for the Foundation exam Therefore it is also very useful as a solid starting point for anyone studying for the PRINCE2 Practitioner exam Available in English and Dutch
