put on the company's global business policies and strategies from its foundation in 1995 till now by examining the internal and the external environment. The online retailer followed a long term strategy in order to fulfil its vision and values incorporating global growth diversification in product categories and building up the world's most customer centric company. Furthermore Amazon.com's strategic decision making and problem solving processes will be carefully analysed and how it responds and copes with changes and difficulties arising from the business environment. This report outlines in the last step the future tendency and the future direction of the organisation by highlighting the strategic thinking behind a long term approach. Concluding recommendations will be given which focus on revising their strategy and applying scenario planning.
