*Worldwar* Harry Turtledove,1997-10-01 War seethed across the planet Machines soared through the air churned through the seas crawled across the surface pushing ever forward carrying death Earth was engaged in titanic struggle Germany Russia France China Japan the maps were changing day by day The hostilities spread in ever widening ripples of destruction Britain Italy Africa The fate of the world hung in the balance Then the real enemy came Out of the dark of night out of the soft glow of dawn out of the clear blue sky came an invasion force the likes of which Earth had never known and worldwar was truly joined The invaders were inhuman and they were unstoppable Their technology was far beyond our reach and their goal was simple Fleetlord Atvar had arrived to claim Earth for the Empire Never before had Earth's people been more divided Never had the need for unity been greater And grudgingly inexpertly humanity took up the challenge In this epic novel of alternate history Harry Turtledove takes us around the globe We roll with German panzers watch the coast of Britain with the RAF and welcome alien liberators to the Warsaw ghetto In tiny planes we skim the vast Russian steppe and we push the envelope of technology in secret labs at the University of Chicago Turtledove's saga covers all the Earth and beyond as mankind in all its folly and glory faces the ultimate threat and a turning point in history shows us a past that never was and a future that could yet come to be

Worldwar Harry Turtledove,1996 **WORLDWAR BOOK 4** At the bloody height of World War II the deadliest enemies in all of human history were forced to put aside their hatreds and unite against an even fiercer foe a seemingly invincible power bent on world domination With awesome technology the aggressors swept across the planet sowing destruction as Tokyo Berlin and Washington D C were A bombed into submission Russia Nazi Germany Japan and the U S were not easily cowed however With cunning and incredible daring they pressed every advantage against the invader s superior strength and led by Stalin began to detonate their own atom bombs in retaliation City after city explodes in radioactive firestorms and fears grow as the worldwide resources disappear will there be any world left for the invaders to conquer or for the uneasy allies to defend While Mao Tse tung wages a desperate guerrilla war and Hitler drives his country toward self destruction United States forces frantically try to stop the enemy s push from coast to coast Yet in this battle to stave off world domination unless the once great military powers take the risk of annihilating the human race they ll risk losing the war The fatal final deadline arrives in Harry Turtledove s grand smashing finale to the *Worldwar* series as uneasy allies desperately seek a way out of a no win no survival situation a way to live free in a world that may soon be bombed into atomic oblivion
