Iran ready to fill NPT (Non-Proliferation of Nuclear Weapons) today, ,, India told it will signed NPT , if USA provide , veto power in UNSC (temporary) , while Iran never say that it want UNSC veto power, while on other hand INDIA Ruhel Chisty FRACI CChem A,MRSC CChem, **Civilizational Discourses in Weapons Control** Ritu Mathur,2020-07-11 This book seeks to decolonize practices of arms control and disarmament In this endeavor it seeks to problematize our understanding of time and civilization as rhetorical resources The need for such an undertaking can be premised on the claim that while problems of modernity ethnocentrism and universalism are now a central concern within the field of international relations these ideas are scarcely debated or contested within the field of arms control and disarmament The singular focus on technological innovations and specific policy oriented agreements in practices of arms control and disarmament appears to stymie the need for such engagements This book is an invitation to explore intersecting discourses on colonialism racialism nationalism and humanitarianism within a historically grounded terrain of weapons control An understanding of these practices is vital not to prescribe any standards of civilization or exceptionalism in weapons control but to be cognizant through critique of the dangers embedded in any effort at reconstellating the constitutional nuclear order Weapon of Choice Matthew Ford,2017-02-15 This book examines Western military technological innovation through the lens of developments in small arms during the twentieth century These weapons have existed for centuries appear to have matured only incrementally and might seem unlikely technologies for investigating the trajectory of military technical change Their relative simplicity however makes it easy to use them to map patterns of innovation within the military industrial complex Advanced technologies may have captured the military imagination offering the possibility of clean and decisive outcomes but it is the low technologies of the infantryman that can help us develop an appreciation for the dynamics of military technical change Tracing the path of innovation from battlefield to back office and from industry to alliance partner Ford develops insights into the way that small arms are socially constructed He thereby exposes the mechanics of power across the military industrial complex This in turn reveals that shifting power relations between soldiers and scientists bureaucrats and engineers have allowed the private sector to exploit infantry status anxiety and shape soldier weapon preferences Ford s analysis allows us to draw wider conclusions about how military innovation works and what social factors frame Western military purchasing policy from small arms to more sophisticated and expensive weapons **Jane's Infantry Weapons** ,2001 **Navy and Army Illustrated** ,1901 **Arms and the Man** ,1914 **The Encyclopedia of Weapons** Chris Bishop,2006 Features multiple entries on weapons divided into four segments and is further subdivided into types of pistols submachine guns rifles mortars antitank weapons rocket artillery and many others Each entry contains photographs of the weapon as well as its history and background and detailed illustrations demonstrating its action **New Wars: New Weapons** Joseph Montague Kenworthy Baron Strabolgi,1930 The Revival

Memories of a Lacerated Heart (1971) Major Iftikhar-Ud-Din Ahmad (Retired),2017-03-30 Memories of a Lacerated Heart gives us a painful insight into one of the most brutal and historically under reported wars and its effects not just on the country but on the mind of a patriotic and unassuming army officer In 1947 the Indian subcontinent was split into two countries India and Pakistan East and West Pakistan were geographically separated by the larger nation of India and the country was ruled by martial law for the first 25 years after gaining independence The governing of the two wings of the country hundreds of miles apart was a logistical challenge and the cultural economic geographical and language differences became divisive East Pakistan had the larger population albeit in a smaller area but West Pakistan held the political and economic power East Pakistan secured the majority of seats in the 1970 elections but despite winning the majority vote it was deprived of the right to govern This lead to a bloody civil war that later escalated into a conflict between Pakistan and India This is the memoir of one Pakistani Army officer who witnessed the events first hand and suffered as a consequence of being a patriotic young company commander who passionately wanted to prevent the break up of his country It is a formal collection of his diary entries documenting his experiences during the civil war the subsequent conflict with India and as a prisoner of war While still a war memoir it is also the raw and heartfelt account of a man separated by duty from his loved ones and ordered along with his young soldiers to fight a pointless war ruthlessly orchestrated by generals and politicians
