The European Union in International Organisations and Global Governance Christine Kaddous,2015-09-24 The European Union is a key participant in international organisations with its involvement taking different forms ranging from full membership to mere observer Moreover there is also not only one status of observer but different ones depending on the constituent charters of the organisations This book provides a comprehensive overview of the participation of the EU in five international organisations the UN the ILO the WTO the WHO and the WIPO It identifies its role and influence in diverse areas of global governance such as foreign policy peace human rights social rights trade health and intellectual property EU and international experts diplomats and scholars have contributed to this book to give an overview of the different aspects linked to the participation of the EU in these organisations and to the coordination that takes place internally with its Member States They also examine the EU s actual influence in the various areas and its contribution to global governance The combination of these two dimensions allows the work to identify the strengths and weaknesses of the participation of the EU in these five international organisations The book provides valuable insights for scholars policymakers and is useful for representatives of other international organisations and civil society actors

Law and Regulation of Mobile Payment Systems Joy Malala,2017-11-28 Over the last ten years mobile payment systems have revolutionised banking in some countries in Africa In Kenya the introduction of M Pesa a new financial services model has transformed the banking and

financial services industry Giving the unbanked majority access to the financial services market it has attracted over 18 million subscribers which is remarkable given that fewer than 4 million people in Kenya have bank accounts This book addresses the legal and regulatory issues arising out of the introduction of M Pesa in Kenya and its drive towards financial inclusion It considers the interaction between regulation and technological innovation with a particular focus on the regulatory tools institutional arrangements and government decisional processes through the examination as a whole of its regulatory capacity This is done with a view to understanding the regulatory capacity of Kenya in addressing the vulnerabilities presented by technological innovation in the financial industry for consumers after financial inclusion It also examines the way that mobile payments have been regulated by criticising the piecemeal approach that the Central Bank of Kenya has taken in addressing the legal and regulatory issues presented by mobile payments The book argues there are significant gaps in the regulatory regime of mobile banking in Kenya
