Inside The Bbc And Cnn Managing Media Organisations:

Inside the BBC and CNN Lucy Küng-Shankleman,2012-11-12 Inside the BBC and CNN provides a unique insight into two of the world s best known media organisations during a period of great change and new challenges The BBC and CNN have very different histories remits and identities but both must now compete to provide news in a media environment being reshaped by increasing competition globalisation digitisation and convergence In addition they face increasing pressures of criticism focussed on the struggle for ratings and the perceived dumbing down of programming Drawing on intensive research carried out among senior managers in both organisations Lucy K ng Shankleman s study explores the beliefs and attitudes that shape management priorities and broadcasting policy More controversially it examines how each organisation s distinct cultural beliefs about broadcasting s fundamental purpose about the nature of competition and about the relationship between competition and quality have laid the foundations for their current and past success but could now threaten to limit their ability to respond to the unprecedented changes underway in the world s media landscape *Inside the BBC and CNN* Lucy Küng,2000 Inside the BBC and CNN provides a unique insight into two of the world s best known media organisations during a period of great change and new challenges The BBC and CNN have very different histories remits and identities but both must now compete to provide news in a media environment being reshaped by increasing competition globalisation digitisation and convergence In addition they face increasing pressures of criticism focussed on the struggle for ratings and the perceived dumbing down of programming Drawing on intensive research carried out among senior managers in both organisations Lucy K ng Shankleman s study explores the beliefs and attitudes that shape management priorities and broadcasting policy More controversially it examines how each organisation s distinct cultural beliefs about broadcasting s fundamental purpose about the nature of competition and about the relationship between competition and quality have laid the foundations for their current and past success but could now threaten to limit their ability to respond to the unprecedented changes underway in the world s media landscape *Inside the BBC and CNN* Lucy Küng-Shankleman,2012-11-12 Inside the BBC and CNN provides a unique insight into two of the world s best known media organisations during a period of great change and new challenges The BBC and CNN have very different histories remits and identities but both must now compete to provide news in a media environment being reshaped by increasing competition globalisation digitisation and convergence In addition they face increasing pressures of criticism focussed on the struggle for ratings and the perceived dumbing down of programming Drawing on intensive research carried out among senior managers in both organisations Lucy K ng Shankleman s study explores the beliefs and attitudes that shape management priorities and broadcasting policy More controversially it examines how each organisation s distinct cultural beliefs about broadcasting s fundamental purpose about the nature of competition and about the relationship between competition and quality have laid the foundations for their current and past success but could now threaten to limit their ability to respond to the

unprecedented changes underway in the world's media landscape

Strategic Management in the Media Lucy Küng, 2008-04-11 This book provides vital insights into the elements of strategy and their application to media firms. Solidly grounded in theory but not pedantic, it is essential reading for those who make or wish to comprehend choices of media companies. Robert Picard, University of Jnk ping. Insightful, contextually analytical, yet easy to comprehend. **Strategic Management in the Media** successfully applies the adaptive and interpretative areas of strategic theory in the media sectors. It provides a unique perspective in which common themes linking media strategy and industry environment are thoughtfully discussed. Sylvia M Chan, Olmsted University of Florida, an invaluable asset for students of media management. The use of pertinent examples and case studies throughout brings the analysis to life and contributes to a highly readable introduction. Gillian Doyle, University of Glasgow. This book is a comprehensive, accessible, and expert introduction to strategy within a media management context. It is divided into two parts: part one provides an introduction to and overview of the media industry from a strategic management perspective, looking in detail at the sectors that together comprise the industry: newspaper, book, and magazine publishing, music, radio, and television, and the strategic forces at work in each. This provides the foundation for part two, which analyses a number of strategic topics central to the media sector, such as technological change, organisational structure, leadership, and creativity and innovation. The chapters follow the same structure: the relevant theory is outlined, its application to the media industry is discussed, and case studies from the media industry are used to illustrate the theory and illuminate its relevance for the media field. The cases and examples used come from all sectors of the industry and a range of geographic regions and include News Corporation, Endemol, BBC, Bertelsmann, CNN, MTV, Disney, and Pixar.

The Moving Image, 2003

Television Industries Douglas Gomery, Luke Hockley, 2006-05-31 While not a production study, this book attempts to provide an insight into the inner workings of the television industry. As such, its central concern is with processes, not texts or techniques or histories. **Television Industries** focuses on the essential elements of the industry: the policy and regulatory frameworks, the swiftly changing world of video production technology, all of which provides the backdrops against which broadcasters shape and sell their products. The book also examines the working practices of scheduling, budgeting, selling, advertising, air time, and so forth. Where issues may be familiar to readers, for example, debates around public service broadcasting, the entries aim to be explanatory and fresh. Of course, it's not possible to cover every aspect of what is a complex and ever-changing industry. Nonetheless, the aim is to provide a starting point for students and new scholars as they start to research into the nature of the broadcasting industry. Hence, this volume is extensively cross-referenced to guide the reader as they tease out for themselves some of the complexity of this industry. There are several other elements that are distinctive about this volume. Perhaps the most striking of these is its blend of contributions from the UK and US. This book will raise as many questions as it provides answers. It aims to make a contribution to the on-going debates in the now well-established world of television studies with fresh perspectives on some

familiar and some not so familiar landscapes Fully illustrated Television Industries is intended as an authoritative and accessible guide to the inner workings of the television industry **News and Nationalism** Karen Allise Morris,2005

The British National Bibliography Arthur James Wells,2002 *Journal for the Study of British Cultures* ,2004 *The Culture of Al Jazeera* Mohamed Zayani,Sofiane Sahraoui,2007-06-06 This volume takes a look at the Al Jazeera Satellite Channel a pan Arab satellite broadcaster known for its programming graphic visuals and anti western broadcasting Focusing on critical success factors and cultural impact it examines the distinct values and beliefs shared by the members of Al Jazeera Provided by publisher **Ambivalence Towards Convergence** Tanja Storsul,Dagny Stuedahl,2007 The book shows a variety of understandings related to the concept of convergence at the same time as it reflects on the analytical advantage of the concept The contributions discuss the impact of media digitalization and to what degree the prospects of convergence are realized The studies range from studies of institutional and regulatory change within media and cultural institutions to analyses of communicative genres and social practices related to digital media **Metaphors of Globalization** Markus Kornprobst,2008-01-15 Metaphors of Globalization inquires into the power and politics of metaphors in the making of our globalizing era The approach is multidisciplinary with case studies in global finance global governance literary theory political theory anthropology and sociology By revisiting globalization through the analysis of metaphors this volume sheds new light on usually overlooked dimensions of global politics improves on many outdated conceptualizations and undertakes a critical analysis of existing approaches to the study of globalization **The Socialist Register** John Saville,2002

Framing Europe Claes Holger Vreese,2003 The role of television news in the process of European integration is examined in this work It includes assessment of the editorial policies of news organizations in Britain Denmark and The Netherlands and investigation of how television news affects the formation of public opinion **Communications Lawyer** ,1998 **War and Conflict Communication** Philip M. Seib,2010 **American Journalism Review** ,2010 *PATA Compass* ,2003 **Balkanmedia** ,1996 First media magazine of the Balkans *Media and Society* John Ryan,William M. Wentworth,1999 In this large scale postindustrial society the mass media has become deeply embedded into the lifestyles of everyday citizens People are lured by television ratings celebrity sponsored products and high profile crimes and scandals all finding their way into living rooms across America by satellites cable wires and modems This book examines the real imagined and potential effects of the mass media on individuals and society The book explores the processes through which the mass media is enabled and constrained by such factors as technology law industry structure and occupational careers accounting for the vast changes that have developed in recent years This book is divided into two parts Part I defines mass communication and locates its role in social life Part II considers the factors which influence media content providing insight into how the industry operates Sociologists Communication and Mass Media specialists film music and pop culture critics and enthusiasts of these fields
