International Financial Management Geert Bekaert, Robert Hodrick, 2017-11-30 Combining academic theory with practical case studies this book helps students understand global financial markets and business management

International Financial Management Rita M. Rodriguez, E. Eugene Carter, 1984 includes index **Smart Strategies and Societal Solutions for Sustainable International Business** Derbali, Abdelkader Mohamed Sghaier, 2023-11-17 The United Nations 17 Sustainable Development Goals (SDGs) were set with a target date of 2030 and they represent our collective endeavors for a more sustainable future. However, seven years since their introduction, international business scholars have yet to fully comprehend their potential to lead these goals. This critical gap raises a pressing question: why has the academic community not fully harnessed its power to advance the SDGs? Amid an abundance of scholarly publications on ethics and responsible governance, corporate social responsibility (CSR), sustainable development, and environmental concerns, the spotlight has dimmed on the pivotal role that international business can play in this transformative agenda. *Smart Strategies and Societal Solutions for Sustainable International Business* solves this issue with chapters developed specifically for academic scholars. This book serves as a comprehensive guide to unleash the untapped potential of international business in promoting the SDGs. Covering a wide range of disciplines from information sciences to sociology and environmental studies, it equips scholars with the knowledge and tools they need to push sustainable international business to the forefront of the global agenda. With a meticulous exploration of crucial topics such as corporate governance, digital transformation, environmental sustainability, social responsibility, and more, this book offers a blueprint for academic scholars to spearhead the charge toward a more sustainable and equitable world.

Toward Corporate IT Standardization Management: Frameworks and Solutions van Wessel, Robert, 2010-02-28 Given the limitations and uncertainties in the field of IT standardization and standards, this book focuses on the effects of IT standardization and IT standards on a company. Provided by publisher.

Guide to International Financial Management John Fred Weston, Bart W. Sorge, 1977 Isolates the key concepts and decision areas of international financial management. The central theme is that the international financial markets are efficient because of informed participants, but managers of firms must increasingly prepare themselves to become aware of international factors and to react to them on an informed basis. Provides materials for understanding the events taking place and to serve as a foundation for continued study. Topics range from the development of an international firm to government rules and policies affecting international business.

[Managerial Strategies and Solutions for Business Success in Asia](#) Ordóñez de Pablos, Patricia, 2016-11-22 Globalization, sustainable development, and technological applications all affect the current state of the business sector in Asia.
