Internet Newspapers Xigen Li, 2013-09-13 Internet Newspapers The Making of a Mainstream Medium examines newspapers on the Internet and addresses the emergence of online newspapers and the delivery of news through this outlet Utilizing empirical research chapters explore the theoretical and practical issues associated with Internet newspapers and examine the process through which online newspapers have grown into a mainstream medium Contributions to this work emphasize three key areas the structure and presentation of newspapers on the Internet the medium as an interactive process and the ways in which the public interacts with Internet newspapers This collection makes a substantial contribution to the understanding of newspapers on the Internet covering their development and changes as well as the impact that news delivery through this medium has had on other media audiences and society It also sheds light on improving operation and performance of Internet newspapers to better serve the public and gain competitive knowledge The volume encourages additional scholarship in this area and also shows how researchers can benefit from an empirical approach to their examination of Internet newspapers Internet Newspapers will appeal to scholars researchers and students of journalism and mass communications and can be used as a supplementary text in advanced courses covering journalism communication technology and mass media and society

News and the Net Barrie Gunter, 2015-07-16 Originally published in 2003 This book examines the growth of news provision on the internet and its

implications for news presentation journalism practice news consumers and the business of running news organizations Much of the focus is placed on the migration of newspapers onto the internet but references are also made to the establishment of news websites by other organizations The book examines the growth of online technology as a source of information and entertainment and considers how this development can be framed within models of communication and comments on the apparent shortage of new models to explain the use role effectiveness and impact of online communications

Online News and the Public Michael B. Salwen, Bruce Garrison, Paul D. Driscoll, 2004-12-13 This volume offers unique and timely insights on the state of online news exploring the issues surrounding this convergence of print and electronic platforms and the public's response to it It provides an overview of online newspapers including current trends and legal issues and covering issues of credibility and perceptions by online news users The heart of the book is formed by empirical studies mostly social surveys coming out of the media effects and uses traditions The chapters are grounded in theoretical frameworks and bring much needed theory to the study of online news The frameworks guiding these studies include media credibility the third person effect media displacement and uses and gratifications The book ends with a section devoted to research on online news postings This book is appropriate for scholars researchers and students in journalism mass communication new media and related areas and will be of interest to anyone examining how people use the web as a source for news

News on the Internet David Tewksbury, Jason Rittenberg, 2012-02-24 Online news sites play an ever pervasive role in the daily gathering and flow of political information Media has always played an intermediary role in the way that citizens receive and process news but with the speed of information transmission the segmentation of news sources and the rise of citizen journalism issues of authority audience and even the definition of news have shifted and become blurred *News on the Internet* synthesizes research on developing and current patterns of online news provision with the literature on traditional offline media to create a conceptual map for understanding the way that public affairs and news are presented and consumed on the internet Tewksbury and Rittenberg look at the dual role of the internet as a source of authoritative news and as a vehicle for citizens in contemporary democracies to create and share political information Throughout they address the tension between the benefits of internet news provision specifically increased citizen engagement and the negative perhaps counterintuitive effects the fragmentation of knowledge and polarization of opinion in contemporary democracies *News on the Internet* focuses on these points of conflict and contradiction in the online news environment and offers conclusions and predictions for how these phenomena will develop in the future

Free for All Elliot King, Medill School of Journalism, 2010-03-29 In *Free for All* longtime scholar of digital media Elliot King begins with a brief history of the technological development of news media from the appearance of newspapers in the sixteenth century to the rise of broadcasting and the Internet Within that context King demystifies the emergence of online communication and social media as the third major technological platform for news making the current pace of change appear less vertiginous *Free for All*
