Epic Role Playing Rules Manual Chris Organ, Kent Davis, 2005-12-01. Epic Role Playing is a next generation RPG that contains intense, choice-filled combat, six innovative branches of magic, and culture-based character development. After an introductory chapter, the Epic Role Playing Rules Manual guides players through a wide-ranging and unique character creation process which births culturally driven, diverse heroes unconstrained by classes or inflexible tracks of progress. Character professions detailed in the Atlas of Eslin, Volume I, are culturally defined and growth within them is guided by role playing, not a rigid set of rules. Following chapters include the faculty system which offers opportunities to explore an inexhaustible array of skill options, specialties, masteries, and grandmasteries. Instead of characters defined by an overall skill level, each skill level is independent and improves according to the character's talent for that skill. This is followed by a detailed catalogue of equipment. In its chapters for the gamemaster or Guide, practical tools and storytelling advice are discussed for creating heroic adventures that will have players swooning with terror and scrambling for glory. The final chapters are a treasury chock-full of high-quality and imbued items and rules for large-scale battle and warfare. The Epic Rules Manual makes gaming easier with numerous quick-reference boxes, a glossary, ready-to-use forms, and integration with www.epicrpg.com. This book is one of four core rulebooks for use with the Epic Role Playing game system.

Morgalad Fantasy RPG Core Rulebook John R. L. McNabb, 2015-11-19. One book to encompass everything: Player's Guide, Host's Guide, and Creature Compendium, all within one cover. Morgalad is a tabletop role-playing game set in a pre-medieval era in a world of high fantasy. Offering an alternative approach to fantasy settings with a new, unique combat and magick system, Morgalad offers the old-school high fantasy charm with a more narrative flair. Mechanically, Morgalad uses a dice pool system comprised of D6 based upon a character's skill level and attributes. Your character is built by choosing a base species and applying a

professional template upon it. With over 100 species in the creature compendium and 50 abilities available to each profession, every character has the ability to customize their character to be unlike any other. [Iron Falcon Rules for Classic Fantasy Role-Playing](#) Chris Gonnerman, 2015-03-31. The earliest fantasy campaigns grew directly out of wargames. There was a point in the development of the first commercial role-playing game when the rules shed most of their wargame roots and assumed a form familiar to generations of players to come. Iron Falcon aims to be that game, reproducing its mechanics and style in all its raw and innovative glory as it was before the advent of more advanced rules.
