The third eye is located in between the two normal eyes but extended a little bit to the upper side whenever it is opened. Is it strange, isn't it? I am sure you are now wondering if you also have a third eye. The answer is of course. We all have the third eye since it is one of the seven chakras. Most people may not believe in the third eye because they have a limited view of the world they live in. Well, I can tell you that I've personally awaked my third eye with some techniques that I've learned over the years and that I will teach you in this book. Some people may be wondering how it could be possible to open the third eye. You see, each day you wake up, you open your physical eyes and go about your business; it is a voluntary process. you won't even notice that energy because we aren't shown or taught how to understand them or work with healing them when we are young. Every day your Chakras are a part of your life experience. The energy that they are is something that cannot be seen with the naked eye by most people, although some healers are known to have pictured them and they are always in some kind of fluctuation between high and low or negative and positive energy. The Chakras have been described as being vortexes or wheels of spinning energy that have a color and a light frequency associated with them. They are working hard to keep your health in order and when you are not in good health, neither are your Chakras. Let me explain a little bit more about how energy works so that you can understand how the Chakras work with our whole experience of life. Energy is in all things. Everything has an energetic force field or vibrational frequency that can actually be measured with technology. We are energy. The device you are holding in your hand is energy. The chair you are sitting on has an energetic output. Everything has energy. When you are thinking about the Chakras and you can picture them as energy, try seeing how that energy can shift or change in certain ways. Learning from this Guide is an effective way to develop your Inner Energies.
