Machine Learning Algorithms For Event Detection:

Special Issue on Machine Learning Algorithms for Event Detection Dragos Margineantu,2010 Wireless Sensor Networks Suraiya Tarannum,2011-06-30 The importance and ubiquity of wireless networks in the modern age justifies the depth and scope of the chapters included in this book with its special focus on sensors Topics covered include MAC protocols with one contribution offering a literature review on them Energy efficiency is also important with several chapters addressing cooperative beamforming modern spatial diversity techniques and MEMS Hardware issues are addressed by a batch of chapters on extending network coverage areas CMOS RF transceivers the use of an accelerometer sensor module and a fall detection monitoring system and a couple of contributions on hierarchical paradigms in wireless sensor networks More mathematical approaches are also included with chapters on data aggregation tree construction and distributed localization algorithms

Text and Social Media Analytics for Fake News and Hate Speech Detection Hemant Kumar Soni,Sanjiv Sharma,G. R. Sinha,2024-08-21 Identifying and stopping the dissemination of fabricated news hate speech or deceptive information camouflaged as legitimate news poses a significant technological hurdle This book presents emergent methodologies and technological approaches of natural language processing through machine learning for counteracting the spread of fake news and hate speech on social media platforms Covers various approaches algorithms and methodologies for fake news and hate speech detection Explains the automatic detection and prevention of fake news and hate speech through paralinguistic clues on social media using artificial intelligence Discusses the application of machine learning models to learn linguistic characteristics of hate speech over social media platforms Emphasizes the role of multilingual and multimodal processing to detect fake news Includes research on different optimization techniques case studies on the identification prevention and social impact of fake news and GitHub repository links to aid understanding The text is for professionals and scholars of various disciplines interested in fake news and hate speech detection

Big Data Analytics for Large-Scale Multimedia Search

Stefanos Vrochidis, Benoit Huet, Edward Y. Chang, Ioannis Kompatsiaris, 2019-05-28 A timely overview of cutting edge technologies for multimedia retrieval with a special emphasis on scalability The amount of multimedia data available every day is enormous and is growing at an exponential rate creating a great need for new and more efficient approaches for large scale multimedia search This book addresses that need covering the area of multimedia retrieval and placing a special emphasis on scalability It reports the recent works in large scale multimedia search including research methods and applications and is structured so that readers with basic knowledge can grasp the core message while still allowing experts and specialists to drill further down into the analytical sections Big Data Analytics for Large Scale Multimedia Search covers representation learning concept and event based video search in large collections big data multimedia mining large scale video understanding big multimedia data fusion large scale social multimedia analysis privacy and audiovisual content data storage and management for big multimedia large scale multimedia search multimedia tagging using deep learning interactive interfaces for big multimedia and medical decision support applications using large multimodal data Addresses the area of multimedia retrieval and pays close attention to the issue of scalability Presents problem driven techniques with solutions that are demonstrated through realistic case studies and user scenarios Includes tables illustrations and figures Offers a Wiley hosted BCS that features links to open source algorithms data sets and tools Big Data Analytics for Large Scale Multimedia Search is an excellent book for academics industrial researchers and developers interested in big multimedia data search retrieval It will also appeal to consultants in computer science problems and professionals in the multimedia industry

Artificial Intelligence in Remote Sensing for Disaster Management

Neelam Dahiya, Gurwinder Singh, Sartajvir Singh, Apoorva Sharma, 2025-05-28 Invest in Artificial Intelligence in Remote Sensing for Disaster Management to gain invaluable insights into cutting edge AI technologies and their transformative role in effectively monitoring and managing natural disasters Artificial Intelligence in Remote Sensing for Disaster Management examines the involvement of advanced tools and technologies such as Artificial Intelligence in disaster management with remote sensing Remote sensing offers cost effective quick assessments and responses to natural disasters In the past few years many advances have been made in the monitoring and mapping of natural disasters with the integration of AI in remote sensing This volume focuses on AI driven observations of various natural disasters including landslides snow avalanches flash floods glacial lake outburst floods and earthquakes There is currently a need for sustainable development near real time monitoring forecasting prediction and management of natural resources flash floods sea ice melt cyclones forestry and climate changes This book will provide essential guidance regarding AI driven algorithms specifically developed for disaster management to meet the requirements of emerging applications

Semantic Hyper/Multimedia Adaptation

Ioannis E. Anagnostopoulos, Mária Bieliková, Phivos Mylonas, Nicolas Tsapatsoulis, 2012-07-28 Nowadays more and more users are

witnessing the impact of Hypermedia Multimedia as well as the penetration of social applications in their life Parallel to the evolution of the Internet and Web several Hypermedia Multimedia schemes and technologies bring semantic based intelligent personalized and adaptive services to the end users More and more techniques are applied in media systems in order to be user group centric adapting to different content and context features of a single or a community user In respect to all the above researchers need to explore and study the plethora of challenges that emergent personalisation and adaptation technologies bring to the new era This edited volume aims to increase the awareness of researchers in this area All contributions provide an in depth investigation on research and deployment issues regarding already introduced schemes and applications in Semantic Hyper Multimedia and Social Media Adaptation Moreover the authors provide survey based articles so as potential readers can use it for catching up the recent trends and applications in respect to the relevant literature Finally the authors discuss and present their approach in the respective field or problem addressed

Machine Learning Algorithms For Event Detection Introduction

Machine Learning Algorithms For Event Detection Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Machine Learning Algorithms For Event Detection Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Machine Learning Algorithms For Event Detection : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Machine Learning Algorithms For Event Detection : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Machine Learning Algorithms For Event Detection Offers a diverse range of free eBooks across various genres. Machine Learning Algorithms For Event Detection Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Machine Learning Algorithms For Event Detection Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Machine Learning Algorithms For Event Detection, especially related to Machine Learning Algorithms For Event Detection, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Machine Learning Algorithms For Event Detection, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Machine Learning Algorithms For Event Detection books or magazines might include. Look for these in online stores or libraries. Remember that while Machine Learning Algorithms For Event Detection, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services.
