The term boudoir, in translation, means bedroom, and images created in the boudoir style, whether they are indeed created in a woman's boudoir or in a makeshift bedroom within the walls of a photographic studio, are strictly feminine. The subjects may be adorned in fine lingerie or perhaps may be shown in the act of dressing or undressing. The images are sensual, flirty, and always beautiful. Clients book boudoir sessions to celebrate their sensuality and femininity. For some, the goal is to document a special phase in life or simply to find a new way to see herself. Other women seek to book a boudoir session with the goal of providing a significant other with a highly personal and perhaps playful gift. Regardless of her motivation, her expectation is that her photographer will be able to amplify her assets, minimize any perceived figure flaws, and create a beautiful, evocative work of art. In order to meet and exceed her client's expectations, photographers must have a wealth of technical knowledge, just which camera angles, exposure settings, lens selections, and lighting patterns will create the desired look, and a facility with coaxing, flattering poses that lengthen legs, whittle waistlines, enhance the bust, and somehow look and feel natural, not contrived. The expression that is elicited must suit the mood of the image, too. And of
