literature *In Search of Authority* begins with an up to date account of the status of literary theory in the 21st century including a response to recent debates about the post theory question It concludes with a discussion of how an understanding of literary theory can lead to the empowerment of the individual reader and of how the authority of the professor can be gradually transferred to the student This third edition has been revised and updated throughout Each chapter ends with several questions to help students check their understanding of the key ideas in the chapter
