climate leads to one of the most controversial dilemmas of the contract law whether the binding force of the contract is absolute or not In other words unstable economic circumstances impose the need to devote special attention to review and perhaps to narrow the binding nature of a contract Principle of good faith and fair dealing motivate a variety of theoretical bases in order to overcome the legal consequences of financial crises In this book all these theoretical bases are analyzed with special focus on the available remedies namely renegotiation rescission or revision and the circumstances which enables the revocation of these remedies The book collects the 19 national reports and the general report originally presented in the session regarding the Effects of Financial Crises on the Binding Force of Contracts Renegotiation Rescission or Revision during the XIXth congress of the International Academy of Comparative Law held in Vienna July 2014 *Guide to Damages in International Arbitration* John A Trenor,2016-11-05 Global Arbitration Review s The Guide to Damages in International Arbitration is a desktop reference work for those who d like greater confidence when dealing with the numbers The guide edited by John A Trenor of Wilmer Cutler Pickering Hale and Dorr LLP covers all aspects of damages from the legal principles applicable to the main valuation techniques and their mechanics to industry specific questions and topics such as tax and currency For each of the major methodologies employed by damages experts the book describes the basics of the approach the areas of general agreement and the points at which consensus can break down The book acts as a compass for non accountants and non economists enabling them to argue or umpire the damages part of cases more effectively This guide contains 27 chapters sectioned into four parts I Legal Principles Applicable to the Award of Damages II Procedural Issues and the Use of Damages Experts III Approaches and Methods for the Assessment and Quantification of Damages IV Industry Specific Damages Issues Contributors include top names at organisations like White to make the subject of damages in international arbitration more understandable and less intimidating for arbitrators and other participants in the field and to help participants present these issues more effectively to tribunals Anthony Connerty Barrister in practice IDR Group and 4 5 Gray s Inn Square **Chitty on Contracts** Joseph Chitty,2013-11-12 This supplement brings the first two volumes of Chitty on Contracts up to date with recent developments in the law *Chitty on Contracts, 31st edition volumes 1 & 2*, *Chitty on Contracts* Joseph Chitty,2021 **A Debt Restructuring Mechanism for Sovereigns** Christoph G Paulus,2014-12-01 The Eurozone crisis which started in spring 2010 as a Greek budget crisis has alerted Europeans that the issue of defaulting sovereigns is not one reserved just for the poor and poorest countries on this globe The crisis painfully amplified that developed countries too might be hit by this phenomenon To be sure this insight is far from novel the history of defaulting states reaches back into history for at least two millennia And yet lawyers have surprisingly abstained more or less completely from discussing this subject and developing possible solutions Beginning with the Argentina crisis in 2001 this neglect began to vanish to a certain degree and this movement got some momentum in 2010 by the Eurozone crisis The present book collects contributions from authors most of whom have participated in a conference on this issue in January
