- 1 Make A Unique First Impression A good first impression can be the difference when trying to impress someone While impressing someone may come naturally to you to make her want to chase you you would like to make a good first impression and a unique one The chances are that many people have tried flirting or offering compliments to her in an attempt to entice her and captivate her attention so try something special that will make you stand out from the crowd and make her remember you Have a natural attitude and ensure eye contact together with a secure but not too strong hand shaking when introducing yourself
- 2 Mind Your Appearance When You Are Around Her Make sure you re well groomed and well dressed around her However do not go overboard and resort to peacocking Make it seem like it is the norm with you A woman loves a man who takes care of his body and appearance This will intrigue her and make her want to know you even more
- 3 Show Her Your Mysterious Side Maintain your allure for her to unravel and further stand out from other potential partners in her life We re not saying start acting shady or be evasive and vague during your conversations Instead make yourself some sort of an enigma someone who isn t easily figured out to pique her curiosity and keep her wanting to know more This will drive her to want to get to know you and hopefully pursue a romantic relationship with you
- 4 Exude Confidence Confidence is key especially when you are in a position where you want her to woo court or chase you When you meet her project confidence emit charm and be friendly If you act nervous or insecure she may not only find it unattractive but also assume that you are not someone who can be taken seriously
- 5 Hold Back A Little If things have progressed to the point of a relationship it might be a good idea to hold back a little once in a while to pique her interest Ask her out occasionally but don t go overboard with it Let her also try to mesmerize or seduce you This also holds true when gifting texting or making general contact with her
