Principles Of Curriculum Development:

Basic Principles of Curriculum and Instruction Ralph W. Tyler, 2010-03-01 What educational purposes should the school seek to attain and what educational experiences can be provided that are likely to achieve these purposes Rather than literally answering these questions of curriculum and instruction Tyler develops a rationale for studying them and suggests procedures for formulating answers and evaluating programs of study Quite simply his book outlines one way of viewing an instructional program as a functioning instrument of education The four sections of the book deal with ways of formulating organizing and evaluating the educational objectives that have been chosen for the curriculum Tyler emphasizes the fact that curriculum planning is a continuous cyclical process involving constant replanning redevelopment and reappraisal Substitution of such an integrated view of an instructional program for hit or miss judgment as the basis for curriculum development cannot but result in an increasingly effective curriculum

Guiding Principles in Curriculum Development New York (N.Y.). Board of Education, 1942 Curriculum Development KHRITISH SWARGIARY, 2024-07-01 This book is organized into four parts each addressing a critical aspect of curriculum development Foundations of Curriculum Development This section explores the historical philosophical and theoretical underpinnings of curriculum It provides readers with a solid foundation to understand the evolution and significance of curriculum in education Designing and Developing Curriculum Here we delve into the practical aspects of curriculum planning design and material development This section offers detailed guidance on setting objectives selecting and organizing content and integrating instructional strategies Implementing and Evaluating Curriculum Effective implementation and rigorous evaluation are crucial for the success of any curriculum This section discusses strategies for implementation the role of teachers and methods for formative and summative evaluation Contemporary Issues and Future Trends The final section addresses current challenges and future directions in curriculum development including diversity globalization and technological advancements Throughout this book I have drawn upon the latest research case studies and practical examples to provide a well rounded perspective on curriculum development Additionally the insights and guidance provided by the EdTech Research Association US have been instrumental in enriching the content and ensuring its relevance to contemporary educational contexts
