The Other Side of the Report Card Maurice J. Elias, Joseph J. Ferrito, Dominic C. Mocerri, 2015-12-14 To better serve the whole child look at the whole report card Although parents and teachers spend more time in conferences talking about behavior than they do about rubrics and test scores too many teachers are still guessing when it comes to using outdated behavior ratings and comments to describe the whole child With this book you ll take report cards to the next level integrating social emotional learning and character development into any grading system Resources include Guided exercises for analyzing existing report cards Suggested report card designs Tips on improving teacher parent communication Case studies Testimonials from teachers and students Developing Standards-Based Report Cards Thomas R. Guskey, Jane M. Bailey, 2010 Providing a clear framework this volume helps school leaders align assessment and reporting practices with standards based education and develop more detailed reports of children s learning and progress The "New" Epidemic-Grading Practices Andre' Mathews, 2016-03-16 This book is a comprehensive view on the grading practices and policies in American public schools The content of the book identifies the lack of alignment amongst the Federal State and Local Districts and the need to adopt a unified policy Educational institutions are creating their own versions of grading systems that lack integrity flawed in design hinder many students from graduating and or achieving opportunities to become a more productive citizen after high school completion Section I The structure of the book begins with a systemic view of development by identifying the philosophical and theoretical aspects involved in the grading system Section II The authors work then transitions to the structure of the grading system addressing the mathematical aspects of calculating a students grade point average to the teachers validity of grades Section III This section identifies the parents role and need to understand the grade itself and its effect on the students overall outcome and class ranking Section IV The book ends with a strong analysis of the system parental rights examples of educational disasters and schools quest for new grading systems All in all this book takes a journey throughout the entire educational system identifying a need for change on all levels as it relates to the grading system The overall message emphasizes the parents need to be cognizant of the importance of being involved and properly motivating mentoring monitoring modeling and managing their childs educational careers All stakeholders should walk away with a sense of ownership to the problem and an understanding that the time for change is now The ethnic margin is widening and too many students are graduating unmarketable A grade is more than a number its a quality of life Kindergarten Curriculum Guide and Resource Book British Columbia.
