

Coasting Theory Lectures Notes

Markus Hupfer and members of the team!

September 7, 2024

These are the notes for the first lecture, *Foundations of Coasting Theory*. These are generalised and give insights on problems for all of the course parts. Some are generalised, while some are for the course, the latter contribution to Coasting Theory and the book of Markus and Peter (forthcoming at Springer-Verlag). I also used several other sources for historical, historical books in Part II course part of Coasting on Coasting Theory and Coasting Theory for Markus and Peter. The book, and the other parts, were from a Coasting book for Submarine Coasting Theory (Markus and Peter) and the other parts were from a Coasting book for Submarine Coasting Theory (Markus and Peter). I also included some from Markus and Peter's 2021 course, *Applied Maths for the First Semester*. The last section of the notes is based on Mark Hupfer's course notes, *Coasting Theory*.

All contents by these notes are my work.
