Case Study 1: The Case of the Missing Car

Production and Operations Management, 10th Edition, Case Study 1: The Case of the Missing Car. This case study is designed to help students understand the importance of inventory management in a manufacturing environment. The case is based on a real-world example of a car manufacturer that is struggling to manage its inventory levels. The case is divided into three sections: a description of the problem, an analysis of the problem, and a solution to the problem.
