□□□□ **The Taiwanese Making of the Canada Presbyterian Mission** Mark A. Dodge, 2021-04-06 The *Taiwanese Making of the Canada Presbyterian Mission* explores the Canadian Presbyterian Mission to Northern Taiwan 1872-1915 The Canada Presbyterian Mission has often been portrayed as one of the nineteenth century's most successful missions and its founder George Leslie Mackay has been called the most successful Protestant Missionary of all time Mark Dodge challenges the heroic narrative by exploring the motives and actions of the Taiwanese actors who supported and established the mission Religious leaders teachers doctors and businessmen from

Northern Taiwan collaborated to build a strong and vital mission whose phenomenal success brought fame and status to Mackay and their cause. In turn, this status provided a protective space in which these Taiwanese patrons were able to exert significant economic and political autonomy in spite of pressures from competing colonial interests. This book will be of particular interest to students and historians of nineteenth century East Asia as well as scholars of comparative colonialism with a focus on missionary history and cultural colonialism.

The Elementary School Library Collection Lauren K. Lee, 1992 *Environmental Science and Technology* Diana L. Turner, 2003 **Environmental Geology** Carla W. Montgomery, Steven D. Carey, 1991-10. Intended for the introductory level college course, the principal aim of this text is to present the student with a broad overview of environmental geology. The text looks both at how the earth developed into its present condition and where matters seem to be moving for the future. It is hoped that this knowledge will provide the student with a useful foundation for discussing and evaluating specific environmental issues as well as for developing ideas about how the problems should be solved.

Gaining Word Power Dorothy Rubin, 2005-05. *Gaining Word Power* helps college students build and retain better vocabularies and become more effective strategic readers. Based on more than thirty years of the author's teaching experience, this comprehensive vocabulary book generates a basic college level vocabulary quickly, effectively, and pleasurably. It incorporates a number of proven vocabulary building approaches that are grounded in sound learning theory. In each self-contained lesson, words are presented on graduated levels of difficulty, followed by challenging exercises and writing activities, and reinforced by immediate access to solutions. This approach enables students to progress at their own pace and evaluate their progress. Although this text has a distinct pedagogical structure, a variety of practices, crossword puzzles, writing exercises, analogy

activities and numerous cartoons throughout challenge students to learn using a variety of strategies while continuously emphasizing the reading writing connection
