# Causes of the French Revolution DBQ Documents

**Historical Context:** The French Revolution of 1789 had many long-range causes. Political, social, and economic conditions in France contributed to the discontent felt by many French people—especially those of the third estate. The ideas of the intellectuals of the Enlightenment brought new views of government and society. The American Revolution also influenced the coming of the French Revolution.

**Directions:** Using the information from the documents and your knowledge of world history, write an essay answering the prompt below. Be sure to:

- Explain the causes of the French Revolution
- Use **at least 5 documents** in your response.
- Include specific historical detail

**What were the most important causes of the French Revolution? (Discuss three.)**

**Document 1:** This excerpt is adapted from *Travels in France* by Arthur Young, who traveled through France from 1787 to 1789.

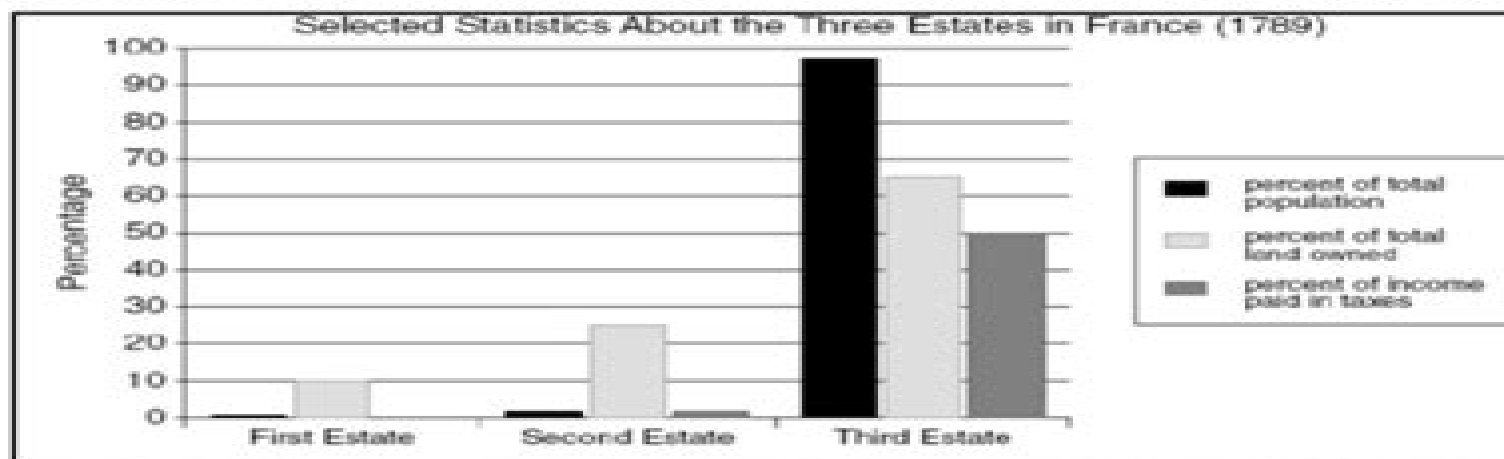

*In the south of France there is a taille [tax on the land and its produce]. There is an injustice in levying the amount each person must pay. Lands held by the nobility are taxed very little. Lands held by commoners are taxed heavily...*

*September 5, 1788: The poor people seem very poor indeed. The children are terribly ragged.*

*June 10, 1789: The lack of bread is terrible. Stories arrive every moment from the provinces of riots and disturbances, and calling in the military, to preserve the peace of the markets... The price of bread has risen above people's ability to pay. This causes great misery.*

*July 1789: ...I was joined by a poor woman who complained of the hard times. "The Tailles and feudal dues [rents owed the lords] are crushing us," she said.*

**Document 2:** This diagram illustrates the three estates in 1789 and the land each held during the Old Regime.
