Practice Perfect 42 Rules For Getting Better At Doug Lemov:

Practice Perfect Doug Lemov, Erica Woolway, Katie Yezzi, 2012-09-05 Rules for developing talent with disciplined deliberate intelligent practice We live in a competition loving culture We love the performance the big win the ticking seconds of the clock as the game comes down to the wire We watch games and cheer sometimes to the point of obsession but if we really wanted to see greatness wanted to cheer for it see it happen understand what made it happen we d spend our time watching obsessing on and maybe even cheering the practices instead This book puts practice on the front burner of all who seek to instill talent and achievement in others as well as in themselves This is a journey to understand that practice not games makes champions In this book the authors engage the dream of better both in fields and endeavors where participants know they should practice and also in those where many do not yet recognize the transformative power of practice And it s not just whether you practice How you practice may be a true competitive advantage Deliberately engineered and designed practice can revolutionize our most important endeavors The clear set of rules presented in Practice Perfect will make us better in virtually every performance of life The how to rules of practice cover such topics as rethinking practice modeling excellent practice using feedback creating a culture of practice making new skills stick and hiring for practice Discover new ways to think about practice Learn how to design successful practice Apply practice across a wide range of realms both personal and professional The authors include specific activities to jump start practice Doug Lemov is the best selling author of Teach Like a Champion A hands on resource to practice the rules within will help to create positive outliers and world changing reservoirs of talent

Maximum Coaching: Getting the most out of yourself and your athletes Zack Ohlin, 2025-07-08 Until now most coaching books have focused on what or how to coach rather than how to get better at coaching If coaching is a skill Zack Ohlin argues then it can be developed In this book he draws on the latest findings in behavioural cognitive and motor science to dispel common coaching misconceptions and presents an easy to follow guide for coaches to systematically develop their abilities The result Players who improve faster and perform better You ll learn why coaches should view themselves as performance athletes the role of coach perception and decision making the values and beliefs of master coaches how coaches can improve faster and much more Maximum Coaching will change the way you view your profession career and development simplifying a complex endeavor and allowing anyone to reach the highest levels of their sport

Powerful Pedagogy Ruth Powley, 2018-03-19 How can we teach better quicker In Powerful Pedagogy Ruth Powley Love Learning Ideas blogger and experienced teacher and school leader debunks teaching and learning myths and shows how the more we know about pedagogy the more able we are to make informed and efficient choices about our practice saving ourselves valuable time Focusing on building sequences of learning rather than one off lessons it is an antidote to quick fix books empowering teachers as professionals in possession of powerful pedagogical knowledge that can be used to improve teaching in a sustainable way Powerful Pedagogy draws extensively from a wide range of educational

writers and research offering an accessible synthesis of what really works in the classroom Together with strategies to put theories and research into practice each chapter contains a handy list of questions for the reflective practitioner It explores reasons for the confusion over what constitutes effective pedagogy in recent years and presents practical research based solutions outlining successful and efficient Modelling of excellence Explaining for understanding Practising to fluency Questioning as assessment Testing to permanency Marking for improvement Effective planning of lessons and curriculum sequences Powerful Pedagogy allows teachers to understand how to make the best choices about what works in the classroom improving the quality of teaching It is an essential companion for trainee and experienced teachers in all sectors and for school leaders and educational trainers *The Edu-Book Club: Making CPD Resources Work in the Classroom* Dave Tushingham,Rhiannon Rainbow,2023-12-20 Educational books can help teachers engage in quality CPD Continuing Continuous Professional Development but how do we find the time to read the latest literature And if we have the time how do we know what to choose or what we should do with what we read Born from a real life book club The Edu Book Club helps teachers and school leaders to navigate the wealth of evidence based CPD by bringing together key publications on teaching assessment and curriculum It shows how the ideas and research presented in these publications can be translated into everyday classroom practice to help teachers and school leaders develop and inform these practices for their own professional and classroom development Drawing on a diverse range of books and including practical advice on how to set up and run a book club each book club session covers The rationale for choosing that title An interview with the author with accompanying visual notes A summary of the key ideas Key takeaways and implications for classroom practice With an accompanying website featuring the video interviews and additional resources accessible at <https://glt.alwayslearning.co.uk> posts [glt friends book club edu book club](https://glt.alwayslearning.co.uk) this will be a valuable resource for teachers and school leaders at all stages of their careers [Succeeding as a Maths Teacher](#) Jemma Sherwood,Amie Meek,Caroline Kennedy,Emma Weston,2023-08-31 An all encompassing guide to mastering teaching maths in secondary schools *Succeeding as a Maths Teacher* is a unique manual that gives advice and guidance for maths teachers at all stages of their career This handbook not only offers foundational advice on how to deliver the most effective maths lessons but also delves deeper into key ideas for more experienced teachers such as how the science of learning applies to mathematics and nuances in instructional design Written by lead practitioners in maths at Ormiston Academies Trust with a combined teaching experience of over 60 years *Succeeding as a Maths Teacher* takes you from your first days in the classroom through to leading a department Along the way the authors explore the purpose of a maths education topics such as modelling and questioning how to develop a high quality maths curriculum and the importance of planning learning over lessons adapting your teaching in light of feedback reasoning and solving problems and enriching pupils experiences of learning maths The *Succeeding As* series offers practical no nonsense guidance to help you excel in a specific role in a secondary school Including everything you need to be successful in your
