Profiting from Technology, 2013

The Inventor's Guide for Medical Technology Patrick Kullmann, 2012 The Inventor's Guide for Medical Technology From Your Napkin to the Market What Innovators Need to Know offers a series of clearly defined steps guiding inventors in the process of taking their idea from concept to market In chapters such as The Invention Research and Development Manufacturing Finance and Accounting Launching in the U S and The Exit Paul Kullmann discusses trademarks and patents clinical trial designs funding choosing the right team and so much more Each chapter ends with a tidbit of personal advice based on Kullmann's insight and indisputably expert knowledge With Kullmann's guidance inventors and entrepreneurs alike can sidestep the pitfalls and increase their probability of success See the free tool library information available inside the book With his over twenty eight years in the medical technology field and a long history as an entrepreneur speaker educator and angel investor Patrick Kullmann is the voice of experience

Techadjacent Mushambi Mutuma, 2019 Who actually knows what any of these concepts mean for their business much less how to integrate them Things are moving at a faster pace than ever before and it's become intimidating and overwhelming to keep up It's tempting to bury your head in the sand than to try make head or tail of it all But none of these buzzwords actually matter You don't have to jump aboard every single change and adjustment in the market or trade in your suit for a T shirt jean and sneaker combo If you have the right context it's a lot simpler to understand and use technological shifts as an opportunity to transform your business Tech Adjacent is about understanding the principles of tech its pace hearing the footsteps of where it might be going knowing how disruption and innovation work tangibly and most importantly leveraging it for your unique exponential success Innovation is contextual so while Uber Airbnb and Facebook are grandiose Silicon Valley success stories they have little relevance in your own market This book shares stories and case studies of African businesses both exposing who is getting disrupted as we speak and why as well as how new companies are leading the next wave of growth Publisher's description
