Database Systems Application Oriented Approach:

Database Systems Michael Kifer, Arthur J. Bernstein, Philip M. Lewis, 2006 This textbook explains the conceptual and engineering principles of database design Rather than focusing on how to implement a database management system it focuses on building applications and the theory underlying relational databases and relational query languages An ongoing case study illustrates both database and software engineering concepts Originally published as Databases and transaction processing by Pearson Education in 2002 the second edition adds a chapter on database tuning and a section on UML

Databases and Transaction Processing Philip M. Lewis, Arthur J. Bernstein, Michael Kifer, 2002 Providing a motivational overview of database management theory this book focuses on the applications of databases that most readers will use in the real world The traditional database theory is introduced with a focus on using this theory to build database and transaction processing applications

Database and Expert Systems Applications A Min Tjoa, Isidro Ramos, 2012-12-06 The Database and Expert Systems Application DEXA conferences are mainly oriented to establish a state of the art forum on Database and Expert System applications But Practice without Theory has no sense as Leonardo said five centuries ago In this Conference we try a compromise between these two complementary aspects A total of 5 sessions are application oriented ranging from classical applications to more unusual ones in Software Engineering Recent research aspects in Databases such as activity deductivity and or Object Orientation are also present in DEXA 92 as well as the implication of the new data models such as OO Model Deductive Model etc included in the Modelling sessions Other areas of interest such as Hyper Text and Multimedia application together with the classical field of Information Retrieval are also considered Finally Implementation Aspects are reflected in very concrete fields A total of of nearly 200 papers submitted from all over the world were sent to DEXA 92 Only 90 could be accepted A Poster session has also been established DEXA 90 was held in Vienna Austria DEXA 91 in Berlin Germany and DEXA 92 will take place in Valencia Spain where we are celebrating the discovery of the New World just five centuries ago in Leonardo's age Both the quality of the Conference and the compromise between Practice and Theory are due to the credit of all the DEXA 92 authors

Database and Expert Systems Applications Gerald Quirchmayr, Erich Schweighofer, Trevor J.M. Bench-Capon, 1998-08-14 This book constitutes the refereed proceedings of the 9th International Conference on Database and Expert Systems Applications DEXA 98 held in Vienna Austria in August 1998 The 81 revised full papers presented were carefully selected from a total of more than 200 submissions The papers are organized in sections on active databases object oriented systems data engineering information retrieval workflow and cooperative systems spatial and temporal aspects document management spatial databases adaptation and view updates genetic algorithms cooperative and distributed environments interaction and communication transaction advanced applications temporal aspects oriented systems partitioning and
